Warplane Bombs British Company Seaport In Spain

Franco Fliers, Believed Germans, Sink Dredge at Gandia

Forty Killed In Figueras Raid

GANDIA, Spain (AP)—A lone seaplane bombed and machine-gunned this British-operated port on government Spain's Mediterranean coast in a moonlight raid early today, damaging a British dredger so seriously it sank a few hours later.

The harbor of Gandia, 36 miles south of Valencia, is a small, modern port, owned by a British company.

The plane, believed to be the one which bombed two British ships in Alicante harbor yesterday, dropped 30 bombs, five of them hitting the dredger.

Twenty railway cars and a warehouse were destroyed and another warehouse was damaged.

GERMAN PILOTS

Edwin Apfel, British manager of the port, said he believed the plane was German, manned. It carried two pilots and was clearly visible in the moonlight.

Mr. Apfel said the raid was "deliberate and brazen attack on British property."

"The sole aim," he declared, "was to destroy the port, which British capital established 50 years ago."

"I picked up machine gun bullets all over the harbor. The harbor was never used for anything except legitimate shipping, mainly fruit and vegetables."

(A Madrid dispatch said Gandia had been used for about two weeks as a port of call for British destroyers and cruisers, owing to the frequent air raids on Valencia. Raids in Gandia were clearly marked with British colors.)

FORTY KILLED

BARCELONA (CP-Havas)—At least 40 persons were killed and 60 injured today when insurgent aircraft bombed the town of Figueras, in Gerona province about 20 miles south of the French border.

Figueras is astride the railway linking Barcelona with France.

Bombs apparently aimed at the railway hit a hospital, the city hall and other buildings in the heart of the city. Figueras officials telephoned Perpignan, France, asking permission to send seriously wounded to Perpignan for emergency treatment.

TASK FOR HALIFAX

LONDON (CP-Havas)—Viscount Halifax returned to London unexpectedly today as tension mounted over the bombing of British ships at ports in Spain.

(Turn to Page 2, Col. 7)

No Disallowance Appeal By Alberta

THE WEATHER

VICTORIA, 8 a.m. today—Ship reports are not available, but pressure appears to be abnormally high off the Pacific coast. The disturbance having passed east of the Rockies has been followed by strong cool winds throughout the province with high humidity and light showers in many districts. Fair, cool weather prevails on the prairie.

Plane Invades South France

BAYONNE, France (CP-Havas)—An airplane from Spain flew over St. Jean de Luz on the French-Spanish frontier today, marking the third trespass on French territory since last Sunday morning.

First reports did not indicate whether the plane had been identified or how deeply it penetrated into France.

Today's incident came after Premier Edouard Daladier had ordered reinforcement of border anti-aircraft defences to prevent repetition of the incursions of Sunday and Monday.

HIGGINS QUILTS REFUND BOARD

Appointee of Chief Justice Tenders Resignation Owing to Illness

Frank Higgins, K.C., appointed by Chief Justice Martin to the three-man Board of Debt Retirement Trustees under the city refunding scheme, announced his resignation from that body to Mayor Andrew McGavin today.

An ear ailment, which his physicians said necessitated complete rest, caused Mr. Higgins to leave the post.

At the City Hall today he wished Mayor McGavin every success with the refunding plan and expressed the opinion there was no question but what the city could carry on now under terms of the conversion scheme.

Mr. Higgins left with the mayor a copy of his letter of resignation to the Chief Justice.

It read as follows: "We trustees under Victoria City Debt Refunding Act, 1937, have been waiting for the handing down of the decision of the Court of Appeal as to the validity of this act."

"I have just received word that the court has upheld this legislation, which would permit us to function and justify our acts under this statute. In the meantime, last Friday morning, I awoke with a case of defective hearing. I have undergone examination by several doctors, and they all advise me that I must take a complete rest for two months, and that is the only way in which I can have a chance of recovering my hearing. I, therefore, resign."

(Turn to Page 2, Col. 5)

Privy Council Move On Powers of Dominion Ended; To Argue Bills

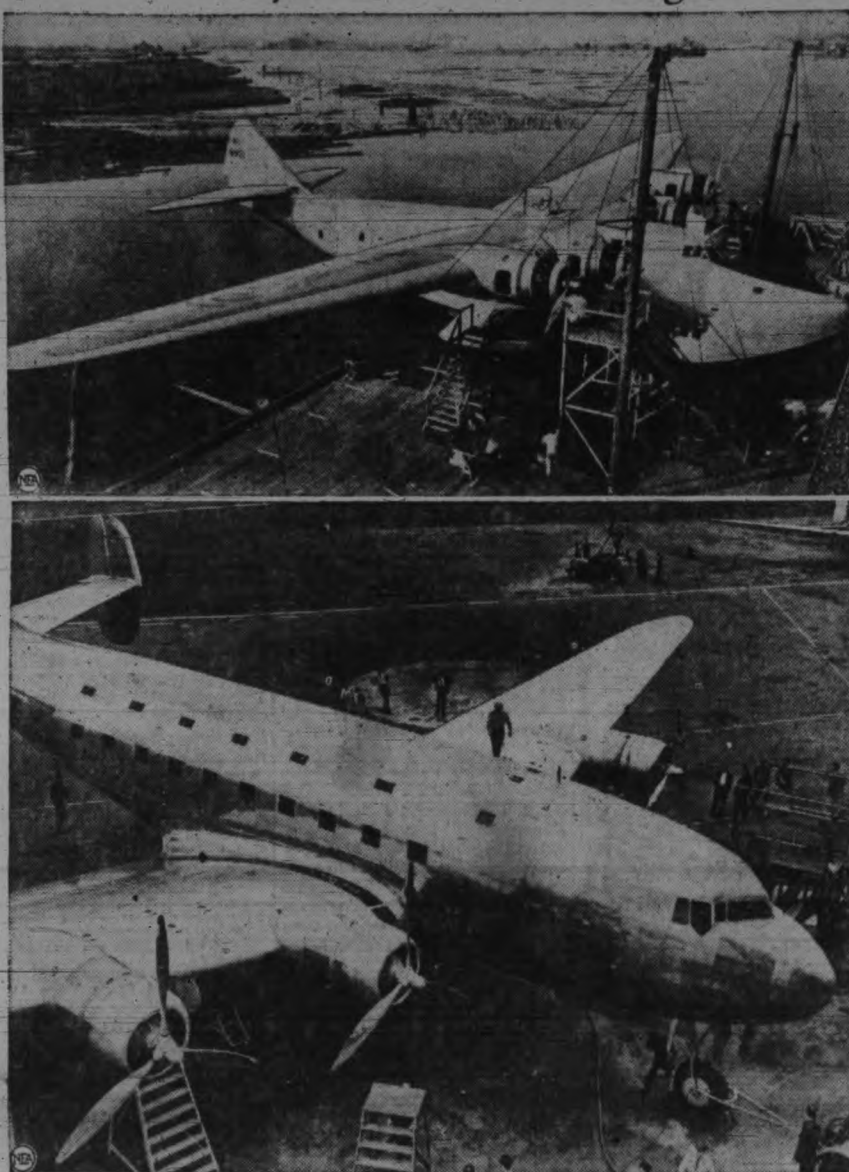

OTTAWA (CP)—The Alberta government has withdrawn its appeal to the Privy Council in London against the Supreme Court of Canada's decision upholding disallowance and reservation, but the appeals against decisions of the Supreme Court finding three Alberta acts unconstitutional will be continued.

Rt. Hon. Ernest Lapointe, Minister of Justice, today issued a statement in which he said: "Our London agent advised me this morning that the legal representatives of the government of Alberta had been instructed to withdraw the appeal on powers of disallowance and reservation of provincial legislation."

He added the appeal against the ruling out of the three acts "will be argued at an early sitting of the Privy Council."

(Turn to Page 2, Col. 3)

Two Sky Giants Make First Flights

The United States' largest plane of any sort and the largest land plane—the Boeing Clipper (upper picture) and the Douglas DC-4 (lower picture)—made their maiden flights within two hours of each other yesterday evening. The Boeing Clipper, a 74-passenger machine, rose from Puget Sound and hopped to Lake Washington on her first test in the air. Earlier in the evening the 42-passenger Douglas had flown the short distance from Santa Monica, Cal., to the Los Angeles Municipal Airport. The Boeing flying boat has a wingspread of 132 feet and a length of 109, and the Douglas land plane's dimensions are 138 feet 3 inches and 97 feet 7 inches. Both have four motors. The Douglas has an innovation as far as transport planes are concerned in her tricycle landing gear, which keeps the passenger cabin level when the machine is on the ground.

Jobless Plan To Come Here Scored

Will Not Change Government Stand of Refusing Transient Aid, Says Pearson

Vancouver unemployed "sit-downers" can expect to gain nothing from the government by coming to Victoria to camp on the government's doorstep, as proposed by their spokesman yesterday, Hon. George S. Pearson, Minister of Labor, said today. He made it clear the government has no intention of providing assistance for transients who have been offered transportation back to their home provinces.

"A trip here by the unemployed, to make some sort of a demonstration to the government would be the worst folly on the men's part," Mr. Pearson said.

"The government's policy on this matter remains the same as it has been from the beginning. The government is not going to provide relief for prairie men. Nothing the unemployed can do will alter that policy."

In this attitude, Mr. Pearson pointed out, he has the backing of the federal authorities.

Hon. Norman Rogers, Minister of Labor at Ottawa, has expressed the determination of the Dominion to support the province's claim that prairie men must return to their home provinces. There they will have the same opportunity for relief or work on government projects as other men.

"Government work will not be provided for prairie men in British Columbia. The projects here are designed primarily for British Columbia men."

VANCOUVER (CP)—The Re-

SERIOUS FIRE SEASON SEEN

Forest fire conditions continue hazardous on the island, the Lower Coast and the Kamloops section, the provincial forest branch reported today in its weekly summary. Rains in the Nelson and northern interior have improved conditions at those points where some bad fires had occurred.

Seventy-seven outbreaks of fire occurred during the week and there were 91 burning from the previous week. Of these 108 were extinguished and 60 were still burning.

With weather forecasts for a continuation of the hot spell, fire-fighting officials fear a very bad season. To date this year there have been 374 fires, against 211 last year and 318 in 1936.

In this attitude, Mr. Pearson pointed out, he has the backing of the federal authorities.

Hon. Norman Rogers, Minister of Labor at Ottawa, has expressed the determination of the Dominion to support the province's claim that prairie men must return to their home provinces. There they will have the same opportunity for relief or work on government projects as other men.

"Government work will not be provided for prairie men in British Columbia. The projects here are designed primarily for British Columbia men."

VANCOUVER (CP)—The Re-

SEATTLE (AP)—The gigantic Boeing clipper, 74-passenger "flying hotel" being groomed for transoceanic service, rested on Lake Washington today after her first flying test.

On a 38-minute jaunt yesterday evening, Pilot Edmund Allen took the 41-ton craft from the choppy waves of Puget Sound to the smoother water of the lake.

Today, mechanics swarmed over her at the Matthews Beach docks, and Allen and two assistants were in San Francisco. Allen Co-pilot Earl Ferguson and Boeing Engineer Ralph Cram are due back here Thursday morning to resume tests with the Boeing clipper.

"She feels fine," Allen said before leaving. "There are still a few minor adjustments to be made—but she's a great ship. I didn't begin to use all her power at any time."

EIGHTY ON WATER

"I started her gradually on her run, first at 60 miles an hour, then 70, then 80. I had to hold her in the water at that point. And then I took her up."

"The visibility was awfully bad. There were times when I was practically flying blind."

(Turn to Page 14, Col. 3)

GOLD THIEVES' LOOT IS \$41,000

Robbers Who Took Precipitates From South Porcupine, Ont., Hunted

SOUTH PORCUPINE, Ont. (CP)—Gold valued at \$41,000 was stolen when burglars broke into the refinery at the Dome Gold Mines near here during the night and escaped with 375 pounds of precipitates. The burglary was discovered when mine officials opened the refinery this morning.

The burglary was the largest in the history of this mining camp near Timmins. The thieves sawed through bars protecting windows of the refinery and made off with the precipitates without detection.

It was thought that because of the difficulty in getting the heavy load out of the northern Ontario mining country the robbers would be forced to cache the gold and wait until an opportune time for its removal.

Electors Flock To Polls And Interest High In Prairie Province Contest

Island Searched For Safeblowers

Thieves Get Money at Union Packers Office at Ogden Point Early Today

Victoria and Provincial Police today united in an intensive search of Vancouver Island for a party of safeblowers who blew the safe of the Union Packers plant at Ogden Point and escaped with several hundred dollars cash.

The safe-blowing occurred about 6.15 this morning and three men were seen to leave the plant. Inspector J. H. Rogers, with Detectives Henry Jarvis and P. W. Richards, were on the scene a few minutes later and found the job to be similar to other safe-blowings which have occurred in the city recently.

At 6.30 police traced a report that a car was seen containing suspicious characters traveling north on the Island Highway on the Four Mile Hill.

This description tallied with reports of a mysterious car seen near the packing plant and in Beacon Hill Park and police are convinced it contained the thieves. Women were reported in the party.

After receiving the report from Four Mile Hill city auth-

In Regina Ballots Marked by Almost Half of City's Voters by Noon; Reports of Heavy Voting Come From Other Constituencies; Bright Weather Favors Citizens' Trip to Booths

EXPECT GALE TO DIE DOWN

Temperature Expected to Be Higher, But Still No Sign of Rain, Observatory Reports

The gale which has been raging over Victoria for the last 30 hours is expected to die down with the sun today, and the weather will turn warmer tomorrow, according to a report this morning at the Meteorological Observatory on Gonzales Hill.

Again this morning no prospect of rain was foreseen by weather forecasters.

Minor damage to gardens and farms was done by the strong westerly wind yesterday, the gale reaching a velocity of 42 miles an hour between 3 and 4 yesterday afternoon. At times it blew harder in gusts.

Young plants were broken, fences were knocked down and branches from trees and rose bushes were torn.

Vancouver had a trace of rain during the night, and there have been light showers in the interior of the province.

Terror-stricken Canton Bombed For 12th Day

Japanese Incendiary Bombs Start Fires; British and U.S. Property Hit

CANTON, China (AP)—A big fire burned furiously Wednesday night after Japanese warplanes in their third raid of the day had dropped incendiary bombs on this terror-stricken city, where the air raid toll since May 28 was conservatively estimated at 3,000 dead and 5,000 wounded.

Two United States-owned properties, Lingham University and a Standard Oil storage plant, were struck by bombs in the two earlier raids today.

A power station, a cement works and a British-owned water works also were among the places suffering most heavy damage in the daylight raids.

The Standard Oil tanks which were hit, burst into flames, spreading fires which destroyed the terminal of the Canton-Hankow railway and a 16-car train just arrived from Hankow, China's provisional capital.

It was the 12th successive day of air attacks on Canton or its environs. The night raiders came at 10.30 (6.30 a.m., P.S.T.), apparently aiming at Canton's old power plant, the only one not yet put out of commission by bombs.

BOMBS NEAR SHAMEEN

They missed that target, but started a big fire within 400 yards from Shameen, Canton's international settlement.

It was believed the raiders came from bases established by the Japanese navy on islands off the coast, near the Portuguese colony of Macao.

DEATHS ON ISLAND

At least 300 new civilian casualties were inflicted on Honan Island, an industrial district. Several bombs, apparently aimed at the Pearl River bridge, exploded in Honan's congested areas, demolishing about 100 houses.

The recurring waves of Japanese bombing planes, however, were exacting a diminishing toll of lives. It was estimated fully

(Turn to Page 2, Col. 6)

Search For Boy "Without Tonsils"

When it comes to vague description, radio's Grace Allen has little on one of the city's small boys.

Approaching the city parks superintendent in Victoria West Park yesterday, the youngster, a child of about five, inquired:

"Have you seen my brother?"

"What does he look like?" replied the parks superintendent.

"He's a boy without any tonsils," replied the five-year-old.

(Turn to Page 2, Col. 6)

Concentrate Survey Parties On Island

Topographical Mapping of Two-thirds of Area to Be Completed

Five of the six topographical survey parties sent out by the provincial government's survey branch this year will work on Vancouver Island and by the end of the year approximately two-thirds of the island's 13,000 square miles will be surveyed and contour-mapped, it was announced today by Hon. A. Wells Gray, Minister of Lands.

A sixth party will survey about 20,000 acres for settlement in the Peace River block, just north of the Peace River near the Alberta boundary. The area will be surveyed into 160-acre tracts.

As outlined by F. C. Green, surveyor-general, this summer's work on the island will cover between 1,500 and 2,000 square miles of ground work to be in with aerial photographs taken by the Royal Canadian Air Force.

If the present program is continued the entire island will be contour-mapped within the next three years or so.

Approximately 50 men will be engaged in this summer's work.

REGINA (CP)—Voters trekked to the polls today in the Saskatchewan general election to indicate a heavier vote than in 1934, when 428,880 cast ballots. Some estimates put the total vote close to 500,000.

The electors' task was to pick 50 members for the Ninth Legislative Assembly of Saskatchewan from the field of 156 candidates. The weather was ideal.

In Regina, a two-member constituency, women were at the polls early and at noon it was estimated close to half of the voters had cast ballots.

Heavy voting was reported in Melville and Swift Current constituencies. Some of the electors were outside the booths before the polls opened at 9 a.m., M.S.T., with voting scheduled to close at 5 p.m., M.S.T. (4 p.m. P.S.T.).

PREMIER'S CONTEST

Steady voting was reported in Cammington riding, where Premier W. J. Patterson faced one opponent, Mrs. Gladys Strum, C.C.F.

AT SASKATOON

The advance poll at Saskatoon brought a record vote. Voters cast 408 ballots before the poll closed last night compared with 337 votes in the 1934 election, when the Liberal administration of Premier Patterson was chosen. In Regina, 388 voters cast ballots at the advance poll compared with 508 in the 1934 election.

In Melville, where lively meetings were held, Hon. C. M. Dunn, Minister of Highways, is opposed by F. J. Herman, Social Credit. In Swift Current Hon. J. G. Taggart, Minister of Agriculture; Clarence Stork, C.C.F. member of the last Legislature, and A. C. Buttrworth, Social Credit, are in the race.

For today's voting each of three parties sent enough candidates before the people to form a government—Liberals, forming the present government, 50 candidates; Social Credit, 39, and the C.C.F., official opposition in the late Legislature, 31 candidates. Names of Conservatives on the ballots total 23 and others with various labels, 13.

Returns on the Saskatchewan elections will be broadcast tonight over C.B.R. at the following times: 4.55, 6.00, 6.30, 7.30, 7.55 and 8.25. Each broadcast will be for five minutes.

(Turn to Page 2, Col. 6)

Seventeen Girls Hunted By Police

VANCOUVER (CP)—Police today continued their search for 17 of 19 girls who late yesterday escaped from the Girls' Industrial School here. Two of the girls were captured a short time after their escape.

The girls, sent to the school from various parts of the province, forced open a doorway and outdistanced an attendant who pursued them.

**Roosevelt Warns
U.S. Fliers Abroad**
WASHINGTON (AP)—President Roosevelt warned United States fliers their licences will be revoked if they fight on foreign soil on the side of revolutionists against existing governments. Without naming any particular country, the President yesterday told a press conference American aviators were participating actively and passively in revolts by flying planes or working as mechanics.

FEAR EAGLES TOOK CHILD

NELSON, B.C. (CP)—British Columbia Police and volunteers today said they feared wild animals or eagles might have carried off three-year-old Carmella LaJeunesse, for whom they had been searching since she disappeared last Monday from nearby Ymir, B.C.

Searchers said they were sure the child could not have wandered far owing to denseness of the brush near the Ymir Yankee Girl Mine, where she was last seen.

News of Carmella's disappearance was withheld from her mother, a patient in the hospital here.

Seven British Columbia Police constables under Staff Sergeant C. G. Barber were directing more than 250 men in the search. The searchers combed the district around the mine, continuing their work after dark with the aid of lanterns.

Federal Budget Speech Next Week

OTTAWA (CP)—Hon. Charles Dunning, Minister of Finance, told the House of Commons this afternoon he would present his budget next week. He was unable to say on what day.

Portland Cafe Strike Averted

PORTLAND, Ore. (AP)—A threatened strike in Portland restaurants was averted late yesterday when 3,000 union workers voted down, 14 to 1, an employers' proposal to cut wages 10 per cent, but agreed to arbitrate demands.

Hotel operators, however, continued to face the prospect of a strike, despite a lengthy meeting with union officials representing 2,000 workers.

The Singing Memnon was a statue in Egypt which gave out musical notes when the sun rose in the morning and as it set at night.

ISLAND SEARCHED FOR SAFELOWERS

(Continued from Page 1)

critics immediately notified the B.C. Police and word was forwarded to up-land detachments to be on the lookout for the car. The thieves used nitro-glycerine. Police said company officials at the plant did not wish the amount of the theft disclosed but it was understood a large sum was taken.

CONCENTRATE SURVEY PARTIES ON ISLAND

(Continued from Page 1)

Arms on the West Coast of the island.

Two other parties will cover sections of the West Coast, A. J. Campbell doing the area north of Nitinat Lake and River as far as Alberni Canal, and G. J. Jackson the part surrounding Barkley Sound and west of Alberni Canal. R. D. McCaw's party will cover the headwaters of the Koksilah,

Jordan, San Juan and Gordon Rivers.

The main triangulation control over the entire area will be handled by a party under F. C. Swannell.

Duncan Cran will have charge of the Fort St. John party in the Peace River block.

Air photographs of the western half of the island between Barkley Sound and the south entrance of Nootka Sound will be taken by the R.C.A.F. These are used in conjunction with the ground surveys and photos under the photo-topographical system of mapping pioneered by this province.

The latest series of contour maps completed have just been printed in Ottawa. They cover the Nimpkish section, on the north end of the island, including Woss Lake, Schoen Lake, Adam River and Nimpkish Lake in four sections. They are of the standard type followed by the surveys branch, on the scale of one mile to the inch, with contour lines at every 100 feet vertical elevation, showing the character of timber cover and land surveys.

JOBLESS PLAN TO COME HERE SCORED

(Continued from Page 1)

lief Project Workers' Union was given a \$10 donation last night and the backing of the Vancouver and New Westminster District Trades and Labor Council in a move to send Vancouver's "sit-down" unemployed to Victoria.

The council recommended affiliated unions make further contributions at the next meeting. Consideration will be given an appeal by the R.P.W.U. for a seat in the council.

The donation and support came after R. W. Campbell, R.P.W.U. publicity director, made an appeal for funds to send 1,500 men, including those occupying Vancouver's post office and art gallery, to Victoria.

"It is our intention to send 1,500 men to Victoria to sit on the provincial government's doorstep until they do something, Campbell declared.

"If Victoria can not do anything, we will accept transportation then—but it will be to Ottawa and not just to the prairies," he said, apparently referring to the provincial government's offer of transportation for the men back to their home provinces.

First intimation of the move to Victoria came earlier when Campbell addressed an outdoor meeting.

OTTAWA (CP)—Policy of the government with respect to the situation in Vancouver where transient unemployed are occupying public buildings will be announced in Parliament and not in the newspapers, Prime Minister King told a questioner in the House of Commons this afternoon.

C. Grant MacNeil, C.C.F. Vancouver North, asked as to the truth of a newspaper report that the government proposed to use force to eject the men.

HIGGINS QUITS REFUND BOARD

(Continued from Page 1)

fore, have to tender my resignation as a trustee, and respectfully suggest that you proceed to appoint another in my place." Mayor McGavin stated today he and the other member of the board, E. W. McMullen, appointee of the provincial government, would carry on.

He hopes to call a meeting of the trustees by next Tuesday. A successor to Mr. Higgins might be named by that time. The mayor was anxious to have the third member of the board present for the opening negotiations regarding retirement of debt and allocation of sinking fund monies, but stated, under the act, he and Mr. McMullen would have power to proceed if a successor had not been appointed.

MURDER VERDICT

VANCOUVER (CP)—A murder verdict was returned late yesterday by the coroner's jury which investigated the death of Joseph Brodowicz, 48, whose body, the head battered, was found last Saturday at his newly-purchased Richmond farmhouse.

FOREST FIRES ON ISLAND FOUGHT

NEW PROVINCE EDITOR NAMED

W. L. MacTavish of Winnipeg Tribune Appointed to Vancouver Paper

VANCOUVER (CP)—W. L. MacTavish, editor-in-chief of the Winnipeg Tribune for the last 15 years, will become editor-in-chief of the Vancouver Daily Province, the latter newspaper announced today. He will take over his new duties early in July.

Mr. MacTavish has spent his newspaper career in western Canada. In addition to his newspaper work he has been active in various public movements in Winnipeg, has been president of both the Canadian Club and the Empire Club there, and as regional chairman of the Dominion Drama Festival, directed the proceedings in Winnipeg last month.

Wilfrid Lawrence MacTavish was born in St. George, Ont., in 1891. His father, Rev. W. S. MacTavish, was the author of a number of religious books and articles. His mother, the daughter of Rev. W. A. MacKay, was known as a writer of children's stories.

Educated at Deseronto and Kingston, Ont., he began newspaper work with the Kingston News and Times, later joining the Standard, in 1907. The next year he became sports editor of the Ottawa Journal, and in 1910 telegraph editor of the Winnipeg Telegram. Subsequently he was on the staffs of the Regina Standard and Regina Leader. He was made editor of the Regina Province, later the Post, in 1914. For a time he was editor of the Saskatchewan Star. In 1922 he joined the staff of the Winnipeg Tribune, of which he became editor in 1923.

TERROR-STRICKEN CAN- TON BOMBED FOR 12TH DAY

(Continued from Page 1)

500,000 inhabitants of this war-torn city of about 1,000,000 had fled. About one-third of its residences have been vacated. But no accurate list of dead and injured could be compiled because many bodies still were buried in the debris of wrecked buildings with rescue squads unable to keep pace with the destruction.

A direct hit on Canton's power station cut off electric power, disabling the city's alarm system and crippling hospital services.

Police dashed from house to house, ringing doorbells to warn inhabitants as the Japanese came over.

Hospitals lacked current for refrigerators to preserve serums and operate X-ray apparatus. The city's telephone system was silenced, making more difficult the work of relief and public safety.

Government buildings, the Sun Yat-sen Memorial Hall, commemorating the founder of China's republic, and several schools and universities were damaged.

LARGE VOTE TODAY IN SASKATCHEWAN

(Continued from Page 1)

The campaign stirred up great interest not only in Saskatchewan but across Canada. Much attention was attracted because in entering the contest the Social Credit Party was making its initial bid for power in the province. It was the first time since the Alberta government was elected in Alberta that the Social Crediters, came across the provincial boundary as a party.

Two constituencies not voting today will hold deferred polling. The standing in the last Legislature, when the House, prior to redistribution, had 55 members, was: Liberals 50, C.C.F. 5.

Largest Between Bowser and Fanny Bay

Reports of new forest or bush fires on Vancouver Island which reached major proportions during the past 24 hours were received today.

The largest was raging between Bowser and Fanny Bay. It extended from near the main Island Highway to Thompson Park logging operations.

Reports said the blaze was threatening homes of several settlers near the highway, but that it was being held away from the logging operations.

About 30 acres at the Hillcrest Lumber Company plant at Cowichan Lake were being burned by a blaze which broke out yesterday. Reports said this fire was being held under control.

Logging slash at Otter Point was burning in a 40-acre fire. It was being held in check by 16 men, but strong winds threatened to spread it over a wide area.

The forest ranger at Qualicum Falls reported a new blaze in that area yesterday, but no word was received from him yet today.

A fifth new blaze was reported burning on the Mayo Lumber Company's operations in the same district. It was under control.

VANCOUVER (CP)—A forest fire at Halfmoon Bay, 50 miles north of Vancouver, late yesterday had burned through 1938 slash and was smouldering at the edge of green timber, according to reports to the forestry branch here. The Osborne Log Company lost a donkey engine and about 300,000 feet of felled and bucked logs, part of which may be salvaged.

From 1,200 to 1,500 acres of logged-off land in the Columbia valley, south of Chilliwack, was being burned by a fire which extended from near Cultus Lake to the United States boundary. A few scattered settlers in the district were believed safe.

WARPLANE BOMBS BRITISH COMPANY SEA- PORT IN SPAIN

(Continued from Page 1)

He went immediately to the Foreign Office as new reports of attacks on British property by Spanish insurgent aircraft were received. Parliament is adjourned for the Whitsuntide holidays and the Foreign Secretary's return had not been anticipated.

Indignation in the press grew. The Times of London, independent, hinting at an international crisis "far greater than any which has yet come out of foreign intervention in Spain." Several newspapers expressed the opinion General Franco no longer is able to control the foreign fliers in his army.

NO MEDIATION

Political leaders admit British foreign policy has "reached an impasse," the diplomatic correspondent of the Manchester Guardian (Liberal) wrote. The plan to mediate the Spanish civil war, he declared, was known to be impossible of execution, but was announced for the purpose of "creating a more hopeful atmosphere."

"Aerial piracy" had succeeded the "submarine piracy" which the Nyon Accord ended last summer, in the opinion of this writer.

"The 'pirates' are Germans and Italians far more than General Franco, who has become quite a minor figure in the Spanish civil war. He is now a mere instrument of German and Italian foreign policy," the correspondent declared. "General Franco could do nothing even if he wished to. It can be stated categorically that the British Government no longer believes that Italian and German control will come to an end with the end of the civil war. 'The illusion that the Spaniards will simply turn out on the foreigners has long been abandoned.'"

STELLARTON, N.S. (CP)—For the first time in the history of coal mining in Pictou County, miners of this industrial town will hold a service June 11 dedicated to the memory of more than 200 men who lost their lives in colliery accidents.

NO DISALLOWANCE AP- PEAL BY ALBERTA

(Continued from Page 1)

The Supreme Court of Canada, which upheld the right of the Dominion government to disallow provincial legislation also upheld the power of a lieutenant-governor to reserve assent to provincial legislation for the significance of the pleasure of the Governor-in-Council.

JUDGMENTS LAST MARCH

The question of disallowance and reservation was referred to the court along with the reference concerning constitutionality of the three Alberta acts dealing with taxation of banks, regulation of credit and regulation of newspapers.

The Supreme Court heard the references early in January and on March 4 handed down its decisions.

The Alberta government decided to take the case to the Judicial Committee of the Privy Council and the hearing in London was scheduled for this summer.

The Supreme Court reference climaxed six months of stormy relations between the Alberta and the federal government, which started last August.

Kootenay Waters Flood 14,500 Acres

Losses in Wheat Crops Are Estimated at Close to \$500,000

CRESTON, B.C. (CP)—Flood waters of the Kootenay River and overflow from Kootenay Lake today covered 14,500 acres of farm lands in this west Kootenay area, doing damage to wheat crops estimated by farmers at almost \$500,000.

There were conflicting reports last night of the area flooded

yesterday when a dike along the Kootenay Lake at the north end of Creston dike area went out. Today men who had been working on the dikes for days said 7,300 acres had been flooded. The newest break in a week of spreading floods also threatened an additional 2,200 acres on Hicks Island near here. Almost all the arable land between Creston and Wynndel on the east side of the Kootenay River was under water.

British-U.S. Trade Treaty in July

WASHINGTON (CP)—State Department officials express hope for completion of a reciprocal trade agreement between the United Kingdom and the United States before the end of July.

They say conversations between representatives of the two

governments are proceeding slowly because of the need of British experts to confer with the Dominions regarding her possible concessions.

OLD-TIMER DIES

BANFF, Alta. (CP)—Howard Sibbald, an old-timer who came to Alberta from Ontario in 1875, with his parents and a brother, died here Tuesday morning. The trip across the prairies was made by oxcart. For many years he was Indian agent both at Morely and Gleichen, and later superintendent of parks at Banff for many years. He was born more than 70 years ago.

Expropriation Is Held Legal

Mexican President's Order
Taking Over Oil Properties
Ruled Valid

MEXICO CITY (AP)—District Judge Manuel Bartlett late yesterday upheld constitutionality of President Lazaro Cardenas' expropriation of the \$400,000,000 foreign-owned oil industry.

His decision denied an injunction asked by the British and United States companies whose properties were taken over March 18 in a drastic move that resulted in severance of diplomatic relations with Great Britain.

The judge ruled, however, the Mexican government was at fault in seizing bank deposits, archives and correspondence of the companies and ordered the cash and records be returned.

Constitutionality of the expropriation law, invoked by President Cardenas, was upheld, Judge Bartlett said, "insofar as it affected the properties actually pertaining to production, exploitation and distribution of oil."

CANADA CROPS AHEAD OF 1937

Bureau of Statistics Reports
Conditions Near Normal

OTTAWA (CP)—Condition figures for all field crops in Canada at the end of May were all close to normal and, with the exception of fall wheat, were well above the condition figures reported at the same time last year, the Dominion Bureau of Statistics reports.

Fall rye conditions in the prairie provinces are notably better than in 1937, the report says. Spring wheat and coarse grains are showing a considerable improvement over their condition at this date a year ago, as a result of more normal moisture conditions in the prairie provinces, including the grass plains area which last year was so markedly affected by drought.

Pastures and forage crops are greatly improved in the west.

A normal spring wheat crop is in prospect in the prairie provinces if conditions showing at the end of May are maintained, the report continues. Average to above-average seasonal precipitation across the southern portions of all three provinces has materially improved the outlook for this year's crop, in comparison with the poor prospects at this date a year ago. The northern districts in the three provinces have had less than normal rainfall this spring, but conditions are still only moderately below average. Other field crops are showing almost normal prospects, the best since 1934.

The season is well advanced in British Columbia, but rainfall during May was light. Crop conditions are generally only a trifle lower than those of a year ago.

Conservatives To Plan Convention

OTTAWA (CP)—The national committee preparing for the Conservative Convention will meet in Ottawa Saturday, J. R. MacNicol, M.P. for Toronto-Davenport, who with Hon. Maurice Dupre, former Solicitor-General, is joint chairman of the committee, said Tuesday he expected a complete representation. The committee is composed of 39 members representing all the provinces.

Plans for the national convention were well advanced, Mr. MacNicol said, and the committee would make further arrangements for the convention, scheduled to open in Ottawa July 5 and last three days.

Nomination proceedings for the election of a national Conservative leader will take place on the evening of July 6 and the election the following afternoon.

MacBrien Estate Put at \$35,331

OTTAWA (CP)—Sir James MacBrien, Commissioner of the Royal Canadian Mounted Police, who died March 5, left an estate of \$35,331, according to his will filed here yesterday for probate. Lady MacBrien was bequeathed interest in the whole estate for life. After her death the estate will be divided up among the three daughters and three sons.

GOOD ROADS CONVENTION

MONTREAL (CP)—The annual convention of the Canadian Good Roads Association will be held at Bigwin Inn, Lake of Bays, Ont., September 6, 7 and 8. It was announced yesterday by the president, Hon. F. M. MacPherson of Victoria, Minister of Works of British Columbia, through the offices here.

Two Holidays On Mondays Urged

VANCOUVER (CP)—A proposal to petition federal authorities to establish Victoria Day and Dominion Day on the Monday of the week in which they occur was endorsed yesterday by the Vancouver City Council.

The proposal was advanced two weeks ago by the city council of St. Catharines, Ont., but Vancouver aldermen withheld their decision until city merchants had expressed support of the change.

Meanwhile merchants are being canvassed for their opinion on an annual civic holiday suggested by Alderman H. D. Wilson. He said the scheme had been a popular success in Edmonton, Winnipeg and Toronto.

Karl Gerhard To Explain Acts

Ottawa Inquiring Into Status
of German Naturalized
in Canada

OTTAWA (CP)—Hon. Fernand Rinfret, Secretary of State, told the House of Commons yesterday his department was investigating the status of Karl Gerhard, a German holding a Canadian naturalization certificate and of whom Rt. Hon. R. B. Bennett, opposition leader, asked several questions in the House recently.

Mr. Bennett brought up the question of Gerhard's naturalization again yesterday, and urged the Secretary of State to have a commission set up to examine Gerhard's status. He said he had reports which, if true, should mean immediate cancellation of the naturalization certificate.

THE STATEMENT read: MONTREAL (CP)—Karl Rudolph Gerhard said last night in a written statement that when necessary he would give "ample evidence" he was entitled to Canadian citizenship papers. Gerhard is a naturalized Canadian of German birth.

The statement read: "I have no idea on what kind of information Mr. Bennett demands an investigation regarding my naturalization. He ought to know by now, from my own denial and those of the German officials in Ottawa and Montreal, as well as the information given to him by Hon. Fernand Rinfret, Secretary of State, that I have nothing to do with Anticosti and never had—and further, that I never left Canada since my naturalization in 1937 and that I am not identical with any Dr. Emil Gerhard, who is supposed to be a personal envoy of the Fuehrer."

"I fail to see any 'gross violation' of the Naturalization Act as far as my case is concerned. When necessary I shall give ample evidence I am entitled to my Canadian citizenship papers."

BOARDS OF TRADE RE-ELECT OFFICERS

TRAIL, B.C. (CP)—Officers of the Associated Boards of Trade of eastern British Columbia were re-elected yesterday at a convention session which endorsed the executive's action in submitting a brief to the Royal Commission on Dominion-Provincial Relations.

W. G. Ternan of Rossland, B.C., was re-elected president of the organization, and L. A. Campbell of Rossland was returned as vice-president. J. R. Hunter of Nelson was re-elected secretary-treasurer.

Officers and presidents of affiliated boards of trade in the Kootenay district will again form the executive.

Report Asked On Toronto Incident

OTTAWA (CP)—Hon. Ian Mackenzie, Defence Minister, announced last night Col. O. S. Holmrake, officer commanding the Royal Canadian Artillery, had been asked for a report on the conduct of five men who in Toronto attended a Fascist meeting in uniform Monday night and gave the Fascist salute.

NANAIMO DEATH

NANAIMO—John Griffith, former city employee, who started the first garbage system for the city, died in the General Hospital following a heart attack. He was born in England and had resided in Nanaimo 20 years. He is survived by his wife and two sons, Alfred and Stanley, Nanaimo, and two sisters, Mrs. J. Parrott, Nanaimo, and Mrs. J. Robertson, Chemainus. The remains rest at Westwood-Hirst Funeral Home.

Like the chameleon, the halibut is capable of changing its color to match its surroundings.

Relief Rolls In Canada Down

Employables Getting Non-
farm Aid 31 Per Cent
Fewer in Year

OTTAWA (CP)—About 169,000 fully employable persons were receiving non-agricultural relief last April, a decrease of 31 per cent from April 1937, when the total was 245,023, the Labor Department reported yesterday. The April, 1938, figure was a decrease of 3.3 per cent from March.

A preliminary grand total of persons on non-agricultural aid, including totally unemployables, partially employables and fully employables, together with all dependents of family heads, was 632,000 last April, a decrease of 24.2 per cent from last March.

Early April figures showed 90,000 farmers receiving agricultural material aid. These, together with their families, accounted for a farm population of 406,000.

Of this total, 350,000 or 86.3 per cent were located in Saskatchewan, where drought conditions of last year continued to swell the totals, the report continued.

In Saskatchewan, number of all classes dependent on agricultural aid showed an increase of 95.1 per cent over April, 1937.

China Refugees Total 60,000,000

Most of Them Lack Food
Supplies, Says Col.
Roosevelt

NEW YORK (AP)—There are now 60,000,000 civilian refugees in China, Colonel Theodore Roosevelt, national chairman of the United Council for Civilian Relief in China, estimates. Most of them, he said, are without food and "facing epidemics constituting the greatest health danger the world has known since the Black Death of the Middle Ages."

"It is literally true," Colonel Roosevelt added, "that if every city in the United States west of the Mississippi were wiped out—every home destroyed and the entire population starving and without shelter—the sum total of human misery would be far less than that which exists in China today."

Nanaimo Aquatic Club Is Formed

NANAIMO—Nanaimo Aquatic Club was organized here Monday night with a limited membership for the first month of 30. Officers elected were as follows: John Laird, president; Miss Phyllis James, secretary, and Weir Muir, treasurer. A construction committee starts work today at Newcastle Beach to build a float. They are John Nelson, Steve Dybrovich, Daryl Mosdel, Alex Laird, Jim Robertson and Jim Addison. A committee to provide refreshments for the workers include Misses Dorothy Baker, Verna Beban, Mary Pinton, Dorothy Haddow and Mrs. James Addison. The aim of the club is to encourage swimming and to provide expert instruction for swimming and lifesaving.

WEDNESDAY, JUNE 8, 1938

His Majesty's Birthday

DURING THE FIRST YEAR AND SIX months of his reign King George VI has fulfilled the highest expectations and hopes. He succeeded to the throne and accepted its responsibilities as a matter of duty at a difficult moment in British history. But he so conducted himself that the constitutional crisis was readily surmounted. Already it seems far in the past, so definitely was it overcome. For the part he played in this alone, the British people will be ever grateful to him. In his royal office he has lived up to the best traditions of his father as a constitutional monarch. In all, he has restored the dignity of the throne, established it even more firmly than ever in the popular confidence.

Because of what he has proven himself to be, the peoples of the British Commonwealth are happy to pause tomorrow on his official birthday to pay him a tribute and to wish him many happy returns of the day.

Seven Years Too Late

NATURALLY GREAT BRITAIN HAS protested to Insurgent Spain against air attacks on British shipping in Spanish waters, which have caused, in the last few days, the death of several British seamen. But protest has followed protest, and assurances have followed assurances. The next step suggested is an effort on the part of the government at Westminster to see what more effective measures are possible—short, of course, of the deliberate employment of force. For it is now becoming increasingly obvious that stronger influences than Fascist General Franco's are "toying" with the British lion's tail.

No practical purpose is to be served by recalling the fact that the apostles of governmental lawlessness in Continental Europe have increased their daring very considerably since Japan grabbed Manchuria from China seven years ago—and got away with it. True, the League of Nations did chastise the government of Nippon by the resolution route; but it virtually ignored the report of the commission headed by Lord Lytton—an investigating body of its own creation—which found Japan guilty of a flagrant violation of her pledges as a member state. Japan withdrew from the League and has since followed wherever her inclinations have led her, latterly, of course, finding herself confronted by what she still chooses to call an "incident," but which already has resolved itself into a major operation from which she will require years to recover. The five-year record of Germany and Italy furnishes its own commentary.

The tragic point about the condition which faces Great Britain today—and the rest of the world for that matter—is that the thumb of scorn which Germany and Italy have put to the nose of derision challenges dislodgment only by recourse to armed force. On so many occasions, of course, has Prime Minister Chamberlain assured the world his most passionate desire is peace among the nations that his word cannot rightfully be gainsaid. The unfortunate fact nevertheless remains that all through the years which have marked the rising arrogance of Japan, Germany, and Italy, he has been a member of the British Government and for the last 12 months head of the ministry, and a world figure by reason of the reliance which smaller nations have placed on Britain for courageous and straightforward leadership. Nor is it too much to say that if, when he was Chancellor of the Exchequer from 1931 to 1937 and, as such, Premier Baldwin's first lieutenant, he had driven home some of the practical idealism which Mr. Eden as Foreign Secretary found it impossible to do with success within the inner councils of the cabinet, Mr. Chamberlain would not have been called upon to face the present condition of reality—of which he has made much—with all its rebuffs to humanitarian endeavor.

It will not be surprising, moreover, if many people believe Mr. Lloyd George when he says as he did at Stafford on Monday that Great Britain's "tittering little protests like a frightened bird" to the Spanish Insurgents were becoming a world joke; but the alternative to threats of any kind still would have to be force. And not even the return of an anti-government member in the Stafford by-election will change that fact.

An Interesting Contest

THE BRITISH STAFFORD DIVISION of Staffordshire has not been held by a Liberal since Sir Charles E. Shaw, Bt., won it when Sir Henry Campbell-Bannerman shattered the Chamberlain Tariff Reform forces under the leadership of Mr. Balfour in 1906. The removal of such a popular member as the Rt. Hon. W. G. A. Ormsby-Gore to the peerage as Baron Harlech—who had represented the constituency as a Conservative since the immediate post-war general election of 1918—has attracted to the by-election campaign now being conducted by a Conservative and a Labor candidate in

that constituency more than usual attention in political circles.

In the seven elections held in this riding since the war a Liberal has put in an appearance only on two occasions, once in 1918, when Mr. Ormsby-Gore beat him by a two-to-one count, and in a three-cornered fight in 1929—when Labor returned sufficient members to the House of Commons to enable Mr. Ramsay MacDonald to form his second ministry—polling in that contest only half the tally of Labor, whose standard-bearer ran second with a deficiency of 2,300 ballots. In 1935, Mr. Ormsby-Gore counted 16,175 votes and Mr. F. G. Lloyd, who is again carrying Labor's colors, in a straight encounter with the administration's supporter, accounted for 12,514. How the government and its policies stand with the voters of Stafford, therefore, will not be known until after the ballots have been counted on election day.

A Welcome Decision

BRITISH COLUMBIA'S COURT OF APPEAL has decided that the Victoria Debt Refunding Act of 1937 was valid and properly within the competence of the British Columbia Legislature. Chief Justice Martin, in handing down judgment, said he regarded the legislation as in the nature of a moratorium measure and, consequently, "within the jurisdiction of the province in property and civil rights." In all of which his colleagues on the bench concurred and were willing to give written reasons for their decisions if so desired.

This is eminently satisfactory to Victoria's Mayor and Municipal Council and to those officials at the City Hall who have been having anything but a happy time since Mr. Justice Robertson of the Supreme Court of British Columbia ruled the Act of last year ultra vires of the Legislature and, therefore, without the force of law. Attorney-General Wismer, Mayor McGavin, and Mr. E. W. McMullen—one of the trustees appointed to carry out the refunding business—joined the city authorities in the appeal to the highest court in the province. Mr. Justice Robertson's previous action took the form of a decision that last year's Act was unconstitutional, and on that premise he granted the application for an injunction to prevent the city proceeding with its refunding—for which Mr. John Day had applied as a taxpayer.

In view of this welcome judgment by the Court of Appeal, the reassuring impression it will make on the minds of those directly involved in the legislation, it may not be out of place to suggest that if more time and energy were devoted to the discovery of the many things that are right and running smoothly in our midst, and less to almost superhuman efforts to unearth what may or may not be a trifle out of constitutional kilter, it would be better for all concerned. There is no suggestion in this that ordinary commonsense vigilance should abdicate in favor of sheer indifference. No municipal council, or any other public body, for that matter, is perfect. Victoria's is no exception.

News of the Day

ONE RECENT ISSUE OF A WIDELY-read newspaper from an eastern city contained:

One business story on a great nation's prospects of getting oil for her battleships in the event of war. One business story on the effects of war-talk on rates of exchange. One business story on a nation's territorial defence expenditures.

One general story on the development of a merchant marine as a naval war-time auxiliary.

Fourteen general review stories on present wars or possibilities of new ones.

Nine news stories on preparations for war by various countries.

Two news stories on current wars. Two news stories on situations feared leading to war.

Sixteen pictures from various countries of preparations for war. One picture of current warfare. Five cartoons on war. One letter to the editor—on war.

Notes

News comes of a shortage of coal in Chile. Punters all over the world are celebrating.

What is as soothing as a 1928 magazine in the dentist's outer office, with no mention of Hitler, swing, depression or recovery?

A motor car constructed of glass is on show in Berlin. Pedestrians, never struck over the head with a bottle, are in line for a new thrill.

BUSES AND STREET CARS

From Ottawa Journal

"There is no question," remarks the London Free Press, "that the electric street railway is doomed in London. It cannot pay."

That is exactly what they were saying in Brantford before Monday, that is Brantford's municipal car system, we have been reading in the Expositor, was antiquated, stood in need of extensive repairs if it were to be continued. But a bus service was the thing, and the Public Utilities Commission estimated an annual operating profit from buses as compared with probable operating deficits from the street cars.

That was the story. Then on Monday a vote of the ratepayers was taken, and much to the Expositor's surprise it stood 2,255 to 1,290 for street cars and against buses. "It is difficult," says the Expositor, "to follow the line of reasoning indicated by this result."

Probably the ratepayers doubted that buses could give a service comparable in efficiency to the street car service they have enjoyed for many years. The good people of Brantford just were not convinced that it would pay them to discard equipment which had cost them a large sum of money, spend another large sum in equipment for a different transport system,

Loose Ends

By BRUCE HUTCHISON

JOLLY BIRTHDAY

MY DADDY," said the little boy from next door, "had a birthday yesterday. He must be hundreds of years old by now. So I saved up my money to buy him a birthday present. I bought him a ring for his keys. But my sister, she didn't buy him anything."

"A key ring!" his sister sneered. "Who wants a key ring? And besides, you made him pay you the nickel so you could go and buy it."

"It was 10 cents, not a nickel," said he. "I asked them in the store if they hadn't got one for a nickel, but they hadn't, so I had to get an expensive one."

"And you made daddy give you the other nickel, too," said she.

"I worked for it," said he. "I killed a snake in the garden. That's five cents, because they eat the gold fish."

"Well," said she, "I tried to give him a present, but I had no money. And Mrs. Peters did give me a dime up at the lake, but I knew daddy would want me to enjoy myself, so I bought pop. I meant to keep some of it for him but by the time I'd drank all I needed there wasn't enough left to make it worth while, so I drank that, too. I knew that would make him happier."

"Well, my daddy got a swell present anyway," said he. "Up at the lake we had a big chicken for dinner for his birthday. But by the time he'd carved it up for seven of us there wasn't anything left for him except the parson's nose and a little piece of skin."

"He sure had a swell birthday," said she.

"And we made him take it easy at the camp instead of working. He only painted two rowboats so we could go out in them and saved some trees up and mended the roof. It was a swell holiday for him."

"And he thought he would get a nice tan," said he, "and he got so sunburned he couldn't even sit down or sleep at night. I always tan myself, never burn, except on the booty, if I'm allowed to swim without a bathing suit at night, but daddy burns. That's the difference. He burned right up on his birthday."

"Yes, he certainly had a nice birthday," she said. "Everybody was so kind to him because he's getting old now."

LABEL AND BABEL

AN INTRIGUING CONTROVERSY is raging in the United States over the question whether President Roosevelt is a Liberal. Letters to the editors of Time are about equally divided between those who think Mr. Roosevelt is a Liberal and those who think he is really a Tory at heart. By the original definitions of Liberalism and by its original policy, the free movement of human affairs with a minimum of interference by the state, the President certainly is no Liberal. By the original accusation against the Tory, that he stands for the privileged against the masses, the President is no Tory.

But all these attempts to label and bracket a statesman of first rank and these days are wasted effort. All the labels and brackets have been worn out long ago so that Liberalism and Conservatism in America, in the old sense have no meaning. There are just as many Conservatives in the Liberal parties of this continent as Liberals in the Conservative parties. Yet it is hard for old men to forget that the past is dead, and most statesmen over 60 live in the pre-war era trying pathetically to find their way about in a new world.

There is no use, for example, in testing a Liberal by his desire to keep business out of government, according to the Gladstonian principles, because nothing of the sort is going to happen. Government is not going to get out of business and the issue as between laissez-faire and paternalism has been settled in favor of paternalism; for our time, at least. A hundred years from now laissez-faire may return again, the old Liberalism may come back again, but we are more interested in the next fortnight than in the next century.

The old test of Liberalism and Conservatism thus doesn't apply any more, and the best Liberal, like Mr. Roosevelt, may be violently opposed to the entire philosophy of nineteenth-century, laissez-faire Liberalism; while the best Conservative may be working for the people against privilege.

Actually, there is no real issue between the historic Liberal and Conservative parties here or in the United States. The only real issue is between private ownership and socialization, and until our politics are divided on that fundamental question they will continue vague and fuzzy. It would be better, for both causes, for private ownership and for socialism, if politics were divided down that line. It would force private ownership to do a better job and it would force socialism to be practical. In time this real issue will come here, as it has in England, with remarkable results. Meanwhile, statesmen are not Liberals or Conservatives. They are bewildered men who do every day the thing that looks like a good idea at the time. Sometimes they guess right, but not often.

Horoscope for today: Neptune and Mars are in harmony, indicating danger of war. Any opposition to a great nation today will be unbearable, provided the offending nation is small enough.

EAST HEARS OF ZEBALLOS

From Northern Miner

The Zeballos gold district on Vancouver Island in British Columbia is going to provide plenty of ore news and mining interest in the next few years, according to J. E. A. R. Wood, an eastern mining engineer, who has spent several months following developments in the new camp. He briefly sized up its present status to the Northern Miner by saying there were two properties which will make profitable producers now, two more have excellent chances of reaching that condition and several groups have gold showings which with development may turn into commercial bodies. Claim staking has extended over a large area and paced by the amazingly rich ore on the Privater property, Mr. Wood expects this colorful new gold camp to attain substantial rating.

DOMINION HOUSING ACT

To the Editor:—Mr. F. W. Nichols, Director of Housing, gave a very clear exposition of the Dominion Housing Act to his audience and answered the many questions asked in a very satisfactory manner.

The limitations of the act, as far as its value in solving the housing problem in Canada, were apparent when Mr. Nichols stated that the average loan made in May, 1938, was in excess of \$4,000 and, if I remember right, the lowest loan made was for \$1,700. It was also quite apparent that the finance companies which loan the money control the situation as far as location is concerned as well as whether or not the applicant is a satisfactory risk.

Ability to take advantage of the facilities offered under the act depend primarily on the income of the applicant. Excluding farm laborers, for which there are no statistics available, there are approximately 2,713,000 wage and other income receivers in Canada. Of this number, 2,169,000, equal to 79.9 per cent of the total income receivers, have less than \$1,500 per annum, and of these 1,526,000 or 56.2 per cent of the total have incomes of less than \$1,000. (See Social Planning for Canada, page 16). Mr. Nichols admitted that the benefits of the act did not extend to those with incomes of less than \$100 per month. It is doubtful if any of the finance companies, loaning under the act, would loan to anyone with an income of less than \$1,500.

According to statistics published in the Report of the House of Commons Select Standing Committee on Industrial and International Relations, 1929, the average income for the year 1921, of 12 income groups, including the skilled trades such as carpenters, bricklayers, masons, electricians, painters, decorators, etc., was not more than \$1,124.90. These income groups are excluded from home ownership as far as the Dominion Housing Act is concerned.

To provide adequate housing for these large income groups, Mr. Nichols stated, new legislation was being drafted, not to enable the citizens composing these groups to own their homes, but to encourage limited dividend companies to erect accommodation on a rental basis. Whether or not this is a solution of a very pressing problem will be dealt with in a second letter.

ALFRED CARMICHAEL,
1216 Broad Street.

SOMETHING TO PRAISE

From London New Statesman and Nation

We have so many bones to pick with His Majesty's present government in the United Kingdom that we are all the more glad to find an occasion on which we can praise it without reserve. The Anglo-Irish Agreement is an excellent piece of work, and will give satisfaction to all but a few British Blimps and their counterparts in Eire. The negotiators on both sides behaved with amiability and a sense of realities throughout, and by common consent Mr. Malcolm MacDonald in particular added greatly to his reputation.

The agreement ends, for good and all we hope, the foolish and discreditable quarrel which has lasted for six years, and in which neither side was free from blame. Mr. de Valera, no doubt, was bound to remember Ulster, and to refer to "partition as the only remaining obstacle to final reconciliation between the peoples of the two countries." But that, as he knows, is not a live issue today, or one that will keep either him or us awake at nights.

The personal liberty and morals of the world are in the keeping of, not geniuses, but the ordinary people of the world. —Rev. Dr. Harry Emerson Fosdick.

IN THE BEGINNING

Blanche Whiting Kaysner in Spirit

Architect and Artisan—Shaped the pattern, made the plan.

Cosmic dust and primal urge... Chaos and creation merge.

Energy to motion stirred By the breathing of the Word; Whirling atoms strike a spark Flaming in primeval dark.

Out of chaos order comes, Punctual as beat of drums; Blazing nebulae conspire Lighting God's first altar-fire.

Eons and infinities Place the shining galaxies, Set in courses that endure, Mathematical and sure.

Gallant stars and nebulae Wheeling through unfathomed sky, Waltzing in a stately dance; Man, the only arrogance!

Puny man alone rebels, Proudly building little hells.

WINGS OVER ENGLAND

From Toronto Star

Fire on an English train brought into the news its freight of 20,000 racing pigeons. They were not hitch-hiking, but on their way to the starting point. One line to the north expects to carry, during this season, 2,000,000 birds. If enemy raiders came over during a big race, they would think the island was flying away from them.

Better English

1. What is wrong with this sentence? "I shall see you as soon as I am through eating."

2. What is the correct pronunciation of "arid"?

3. Which one of these words is misspelled? Centennial, centrifugal, centigrade.

4. What does the word "insatiable" mean?

5. What is a word beginning with mu that means "pertaining to the world"?

Answers

1. Say, "as soon as I have finished eating." 2. Pronounce arid, as in arid (not as in care), I as in did, accent first syllable. 3. Centennial. 4. Insatiable is unsatisfied. "Avarice is insatiable and is always pushing on for more." —L'Estrange, 5. Mundane.

Parallel Thoughts

In those days there was no king in Israel; every man did that which was right in his own eyes. —Judges 21:25.

No man has a right to do as he pleases, except when he pleases to do right.—C. Simmons.

HARD-OF-HEARING CLUB

At the conference held in Vancouver over the week-end between the Vancouver League for the Hard-of-Hearing and the Victoria Club for the Hard-of-Hearing, with several guests from the Seattle League, speeches and papers were given by B. S. H. Tye, Miss C. G. Langley, Dr. Geo. F. Davidson, F. L. Shaw, Miss Marion Thompson, C. E. McDonald, John McLean and William A. Wilson.

This evening, commencing at 8, a full report of the conference will be given at the rooms of the Victoria Club for the Hard-of-Hearing, 1011 Government St.

A study of germs on school books indicates that books are not seriously responsible for spreading infectious disease, unless the books are very old and dilapidated or have been used by sick children without proper follow-up precautions.

Styles and Needs for June!

SUMMER PASTELS

Hot weather-chic is obtainable in the simplicity of cool Silks and Linens. And there's an added clothes assurance that comes from wearing garments of quality material—because they wear, and wash, and hold their shape—and give you that "well-dressed" feeling.

Our stock of Tablecloth Linens, Printed Silks and Pastels is large and varying. With the very newest little finishing touches of raffia belts, embroidery, wooden novelties and buttons. Short-sleeved styles. Boleros. Many lovely colors. Sizes 14 to 44.

Royal Suite For Their Majesties

The forthcoming visit of King George and Queen Elizabeth to Paris has caused a great flurry in the French capital. The photograph shows some of the preparative work in the Royal suites at the Foreign Ministry Palais, in the effort to have everything "to the Queen's taste."

News of Clubwomen

The Women's Parish Guild of Christ Church Cathedral will meet Friday afternoon at 2.30 in the Guild Room. All members are urged to attend as final plans will be made for the garden party.

W.A. Britannia Branch No. 7, Canadian Legion, B.E.S.L., will hold their regular card social tomorrow evening at 8 in the club-rooms, View Street. Court whist will be played and refreshments served.

Princess Patricia Lodge No. 238, Order of the Daughters of St. George, will hold their next meeting, June 17, at 7.30, in the K. of C. Hall. The district deputy, Mrs. N. Muckle, will install the officers for the ensuing term. There will be initiation and members are reminded to bring refreshments. The guard team and officers are asked to attend a practice next Saturday at 7 in the K. of C. Hall.

Plans are well under way for the annual garden party of St. Mary's Ladies' Guild, Oak Bay, which will be held on Tuesday, July 5, at the home of Mr. and Mrs. R. W. Gibson, York Place, Oak Bay. There will be a number of attractive stalls, novel competitions and games. A decorated doll's carriage parade will be a feature of the program and prizes will be given. Bridge will be played in the house and tables may be reserved by telephoning Mrs. Scott Ritchie, E. 5553, or Mrs. E. E. Wootton, G. 7538. Further particulars will be announced later.

The monthly meeting of the Athena Club was held at the home of Mrs. F. Ivings, 916 Wilmer, on Monday evening, 14 members being present. Miss McCallum, a visitor from Scotland, was a welcome guest. It was decided to make a substantial donation to the Oak Bay United Sunday school for their annual picnic, also to the Oak Bay United Church organ fund. Mrs. J. Gelling presented the re-

tiring officers with colonial bouquets, expressing the appreciation of the club for their services, after which the committee, Mrs. Gelling and Mrs. Stobart, took charge of the program, consisting of novel contests. A social hour followed.

The Gleaners' Mission Circle of First United Church held their annual silver tea at the home of Mrs. M. L. McLennan, 311 Vancouver Street. The rooms were decorated with flowers and tea was served from a lace-covered table centred with miniature flower garden. Mesdames W. H. Wilson, J. B. Munro, W. H. Muncy and A. Campbell presided at the tea table. A delightful musical program included vocal solos by Misses Phyllis Deaville, Elaine Basanta and Joyce Baylis, and Margaret McLaurie and Master Keith Little; accompanists, Mrs. Deaville, Mrs. McCallum, Miss E. Bowles and Miss Eilers; instrumental numbers by Misses E. Bowles, Barbara Munro, Peggy Pepper, Peggy Mulliner, Rita Nevard, Inez Jeune; elocution numbers by Ilse Roskelly and Patsy Baylis. The proceeds from the sale of home-made candy helped augment the satisfactory financial results.

HEADS PRESS WOMEN
WASHINGTON (AP)—Hope Ridings Miller, society editor of the Washington Post, and former Texas newspaper woman, was elected president of the Women's National Press Club last night, succeeding Doris Fleeson of the New York Daily News.

GAINING WEIGHT
BRANTFORD, Ont. (CP)—Julia and Juliette, handcuffed Montreal girls, have gained five pounds since they left Montreal on their trek to Vancouver. They have traveled 25 miles a day so far, rejecting all automobile rides. They handcuffed themselves.

QUEEN IS BETTER
LONDON (CP-Havas)—Queen Elizabeth was somewhat better today and probably will return to London tonight. She contracted a slight cold during the Whitsuntide holidays at the Royal Lodge, Windsor Great Park.

On the planet Uranus a year contains 68,000 days.

Eire Green Popular Color

British Color Council Sponsors Shade: Uniforms For Women

By MOLLIE MCGEE
Canadian Press Correspondent

LONDON (CP)—Even the fashions are impressed with improved relations between London and Dublin and the British Color Council has given its blessing to a special line of green called "Eire" to mark this cordial development.

The new color differs not a fraction of a shade from that previously known as "Paddy green," but small samples of material dyed the new tint, and attached to imposing folders have been sent out by the authoritative body which has the say on styles in colors.

The cover of the folder bears merely the seal of the council and the word Eire in capital letters, and, of course, in green ink. Inside is the following explanation facing the sample: "This color is sponsored by the British Color Council to commemorate the consolidation of good relations between Great Britain and Eire."

SPEEDS TRAINING
Aside from such impulsive gestures, the most popular colors with British women seem to be khaki and military horizon blue—and even these are not being doctored with sufficient haste to please officialdom. To speed up matters, Home Secretary Sir Samuel Hoare broadcast an appeal for 600,000 women to join for the Air Raid Precautions Service. "Bring to this difficult job your fresh mind, your keen imagination, your untiring devotion, which already have made women's work a priceless treasure in our national life," he said.

By posters and in the press the government has asked for 1,000,000 volunteers. In two months 400,000 have joined; now there is a drive to interest the other 600,000. For the first time during peace in British history women have been asked to take active service in defence of the country.

HONOR WOMAN GLIDER
Older women who have watched the advance of aviation from its infancy have suddenly come to the fore, among them Miss Agnes Baden-Powell, sister of Lord Baden-Powell and the late Major B. F. S. Baden-Powell, the aviation pioneer. She has just been elected an honorary companion of the Royal Aeronautical Society, the second woman to receive that distinction.

Miss Baden-Powell's flying experiences were in the gliders of 1903-1904 and she was a close friend of the Wright brothers, Marconi and Bleriot. She has never flown in an airplane. "I have only flown in gliders and balloons. I don't think airplanes are safe yet," she told interviewers in all seriousness, and as one reason why she is so an Honorary Colonel of the Women's Air Force.

"Whiteoaks" in Berlin
BERLIN—The English theatre in Berlin has presented the play, "Whiteoaks," by the Canadian author, Mazo de la Roche.

Soroptimists Plan Activity

Plans for the fall activities were made at a meeting of the Soroptimist Club in the evening in the Colonial board-room. A letter was read from Miss C. B. Mess, asking to be relieved of her duties as program convener, and Mrs. Fred Robertson, was appointed in her place. A report was read of the birthday party held recently by the club, when dinner at The Nutshell was followed by a theatre party at the Oak Bay Theatre and refreshments at the club, where the members of the club were Miss Jaffray's guests.

On Sunday, June 12, the members will be guests of Miss Kirkendall at her summer home at Pedder Bay. It was announced that arrangements had been made for Miss Creaser to visit the Detroit Soroptimist Club during her holiday in the east. The Misses Doris and Corie Holmes will represent the club at the convention of Soroptimist Clubs at Atlantic City.

"W.A. Night" At Crystal Garden

"W.A. Night" at the Crystal Garden, to be held under the auspices of the Junior W.A. to St. Joseph's Hospital on Friday, June 17, promises many surprises in entertainment and decorations. It is the second annual "W.A. Night" to be held and many plans have been made by Miss Maureen Grue, general convener, to make the affair even more entertaining than the last.

There will be special floor numbers, with something a little different in the dance program, which is being prepared by the auxiliary's usual well-known orchestra. Dancing will be from 9 p.m. until 1 a.m.

A strong committee composed of Misses Alice Ball, Gladwyn Beasley, Winnie Hayes, Helen Schwenger and Muriel Richards is working hard to make the affair so successful that the auxiliary's objective of raising \$1,000 for the hospital will be realized at the end of June.

Tickets may be obtained from members of the auxiliary or at the door on the night of the dance.

WAKE UP YOUR LIVER BILE—

And You'll Jump Out of Bed in the Morning Rarin' to Go.

The liver should pour out two pounds of bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You get constipated. Harmful poisons go into the body, and you feel sour, sick and the world looks punk.

A severe bowel movement doesn't always get at the cause. You need something that works on the liver as well. It takes these good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up." Harmless and gentle; they make the bile flow freely. They do the work of a catalyst but have no calomel or mercury in them. Ask for Carter's Little Liver Pills by name! Stubbornly refuse anything else.

Prescott, Ariz., she disclosed here today.

They were married by a Justice of the Peace. Attending them were her brother, Jimmy, and Hall's sister, Miss Louise Locher. In signing the wedding license, Hall gave his real name as Charles Locher.

The newlyweds will reside in Beverly Hills.

eldest son of Mr. and Mrs. P. A. Stock, 3143 Cedar Hill Road, who is leaving for England tomorrow to join the Royal Air Force. He was born in Victoria and attended the Oaklands and Victoria high schools. For four years he has been connected with the Victoria Times circulation department.

Urges Support For Militia

Brig. J. C. Stewart Speaks On Defence Before United Services Group

A strong appeal to employers of labor to make it possible for young men to join the militia was voiced by Brigadier J. C. Stewart, D.S.O., district officer commanding Military District No. 11, in an address at a dinner of the United Services Institute of Vancouver Island in Spencer's dining-room last night.

The militia, the speaker noted, was a defensive, not an offensive, weapon here.

He traced the development of militia in Canada from its early days, and stated since the world war is had become the hobby of a few, a movement forgotten by the masses.

In a world in which isolation was being banished through rapid means of communication and transport, Canada could no longer depend on its geographic position for defence, he said.

"Have we any right to expect Great Britain and the United States to spring to our aid?" he asked. "We would be well advised to prepare ourselves to help ourselves," he added.

He spoke highly of the men who had carried on the militia tradition before urging training in peace time to make a nation ready in case of war.

Major P. T. Stern, chairman of the meeting, referred to the brigadier's experience in the army, which he had joined as a private in 1904.

Major B. Russell Ker moved a vote of thanks to the speaker. It was seconded by Col. A. W. R. Wilby, B.C.E.

Young Liberals

At a meeting of the 20th Century Young Liberal Association of Victoria in the Liberal headquarters last evening the local organization was host to a large delegation of members and executive officers of the Duncan 20th Century Young Liberal Association. Wallace Allison, president of the Duncan club, gave an interesting talk on the value of the royal commission appointed by the Mackenzie King government.

Robert Abbott, secretary of the Duncan organization, spoke on the reality of the Oriental problem as seen through the eyes of Duncan citizens, particularly those engaged in the lumbering industry.

A varied and attractive program was presented with George F. Bullock capably acting in the capacity of M.C. It was contributed to by Donald Nelson, who arranged the program. Miss C. Worth, A. Cassillo, Miss Elaine Hart, Ted Stüdder, Miss Kathleen Allen, Miss Johan McFadyen and Bob Abbott of Duncan.

First prize was awarded to Miss E. Hart, second to Ted Stüdder, third to Miss Kathleen Allen and fourth to Graham Abernethy.

After the program refreshments were served by the social committee.

The ways and means committee under the chairmanship of James Bowden announced that a flannel and pique dance would be held by the association at McMoran's Pavilion on July 1.

HIT BY CAR

NANAIMO—Charles Hamilton, resident of Nicol Street, was taken to Nanaimo Hospital suffering from a lacerated skull sustained tonight when he was knocked down by a car at the north end of the city.

Sports Mirror

By PETE SALLAWAY

ON THEIR SHOWING so far this season, the Boston Bees of the National Baseball League are giving the lie, as they did last season, to the former belief that the success of a major league pitching staff rests on its youth. The four regulars, Fette, MacFayden, Turner and Shoffner, represent a total of 126 years in age, each being 32 years old, or just a few months removed from that point. All these hurlers were with the Bees last season, and all made remarkable showings, though Shoffner joined the club in the late season, but the prediction was made that they could not maintain the pace another season and that the years would catch up with them.

Considerable credit for the showing of the Boston pitching staff in 1937 was given to Manager Bill McKechnie and Coach Hank Gowdy. It was declared that their transfer to the Cincinnati Reds meant that the magic touch of the hurling staff would depart with them. Few would believe that Casey Stengel, the new pilot, could inspire an aging mound staff to continue performing miracles.

However, the results of games so far this season have disproved both theories. McKechnie and Gowdy, it is true, are accomplishing results with Cincinnati similar to their success with pitching in Boston, but, apparently, they did not take away anything from the Bees' staff, or if they did, Stengel has been able to make up the difference.

As a result, other major baseball managers are likely to re-vamp their ideas about age on the mound. They were inclined to experiment last year, following the success of the Boston veterans, two of whom went up from the minors long after the prescribed span of years for such promotion. Now they are about convinced that hurlers, like wine, improve with age, and that the adage, "youth must be served," must be accepted with reservations.

Some peculiar beliefs occasionally develop in baseball, and frequently it requires a flock of exceptions and continued upsetting of a general rule, to change mental fixations. The theory that a pitcher must possess a strong and youthful arm is one such belief that seems to be well on the way into the discard. This is a hopeful sign for the veterans who have toiled long and faithfully on minor league mounds, with little encouragement that they eventually would catch a scout's eye and get their big chance in the majors.

Just as Pete Ruth once was the inspiration for higher salaries in baseball, so it no longer appears that the age of pitching staffs of the Bees is changing the hurling standards. If they achieve nothing else and they seem in a fair way to accomplish, the results will be a boon to the veterans who have toiled long and faithfully on minor league mounds, with little encouragement that they eventually would catch a scout's eye and get their big chance in the majors.

Hold Horse Show For Six Nights

Due to the increasing popularity of the horse show, particularly with special events on the program, the B.C. Agricultural Association will hold a horse show every night during fair week, it was announced yesterday by W. H. Mearns, secretary. Starting Monday night the horse show will continue through the week at 8 each evening, ending with a grand finale on Saturday night.

Sixty-three prizes, including six silver trophies and \$616 in purse prizes and stakes, have been put up for competition, and entries are expected, not only from up-land and mainland points, but also from the United States.

The committee-in-charge comprises Commander C. H. R. Slingsby and J. G. Hazelwood. The events will be scored under the perfection system of penalties and rating copyrighted by Walter B. Palmer of Detroit, Michigan.

Indians Continue Fine Play to Hold Baseball Lead; Allen Fined \$250

In the excitement over this New York-Chicago struggle for National League leadership, don't forget that Cleveland Indians, too, are engaged in some highly important baseball encounters and coming out of them successfully. The Cubs, triumphant in the opening battle of their series with New York Giants, have a one and a half game lead today, but they can lose it all this afternoon when they tackle Giants in a double-header.

Chicago won the opener 4 to 2 yesterday on the combination of Bill Lee's seven-hit flinging and the four-ohly swatting of Billy Herman and Joe Marty. Lee, who had pitched three straight shut-outs, had his string broken after 35 innings when Mel Ott socked his eleventh homer of the year in the fourth frame.

The Indians, whose nearest rivals in the American League all are in the east, won one the hard way from Boston 7 to 5, a one-man rebellion by Johnny Allen, the fiery flinger, preceded Cleveland's comeback.

ONE-MAN RIOT

Johnny was given a two-run lead in the first but lost it when Jimmy Foxx belted his fifteenth home run. Then he got into an argument with umpire Bill McGowan after Joe Cronin, Boston manager, protested that Allen's tattered shirt sleeve gave him an unfair advantage. McGowan sent Allen to the clubhouse to change the shirt and Johnny just stayed there. Even Manager Oscar Vitt couldn't get him out, so he handed out a \$250 fine instead and sent Bill Zuber to the mound.

Victory stretched Indians' lead to four games as the second-place New York Yankees went down 8 to 5 before Chicago White Sox. St. Louis Browns smacked four Washington pitchers for 15 hits and won 11 to 8 despite a five-run Senator rally in the seventh. Aided by Rudy York's eleventh homer, Detroit Tigers beat the Philadelphia Athletics 5 to 4.

Brooklyn's surprising Dodgers hung up their fifth victory in seven games in the west. A four-run fifth inning, plus brilliant relief hurling by Vito Tamulis after Joe Medwick and Don Padgett had hit for a circuit in the same frame, enabled them to turn back St. Louis Cardinals 7 to 6. The Philadelphia-Cincinnati and Boston-Pittsburgh games were rained out.

COAST LEAGUE

Dominic, youngest and most docile of the baseball DiMaggios, outfielder of the San Francisco Seals in the Coast Baseball League, caused a near riot at the Portland Beavers trimmed the Seals, 5 to 4 in 11 innings.

All Dominic did was protest he was not thrown out at first in the last of the eleventh inning last night with the bases loaded and the whole San Francisco team and most of the cash customers streamed on to the field.

Dominic claimed he was hit in the foot by the ball thrown to first base. Umpire Bert Cole ruled him out, retiring the side and ending the game. When the fans and players swarmed the field and threatened Cole with an untimely end the boys from the law came to his rescue.

The Beavers took an early lead by scoring three runs in the first inning. The Seals scored two in the fourth and tied the score in the ninth. The Beavers made two runs in their half of the eleventh and the Seals had scored one run when Dominic was ruled out.

The league-leading Sacramento Solons increased their lead to three games by dimming the Hollywood Stars, 6 to 4.

After losing to Los Angeles, 4 to 1, manager Jack Leivelt of the Seattle team announced he had bolstered his pitching staff by signing husky Walter Beck, right-handed hurler who was released a week ago by the Hollywood Stars. Beck won two games and lost seven for the Stars before his release.

Although he allowed nine hits, San Diego's Wally Hebert fanned seven and defeated the cellar Oakland A's 8 to 1.

Scores follow:

NATIONAL LEAGUE

Chicago 4, New York 2; St. Louis 11, Washington 8; Cincinnati 5, Philadelphia 4; Brooklyn 19, Pittsburgh 10; San Francisco 6, Portland 4.

AMERICAN LEAGUE

Cleveland 7, Boston 5; Detroit 11, Philadelphia 4; St. Louis 11, Washington 8; Chicago 4, New York 2; Baltimore 1, Philadelphia 4.

COAST LEAGUE

Sacramento 6, Hollywood 4; San Francisco 6, Portland 4; Seattle 4, Los Angeles 1; Oakland 8, San Diego 1.

High School Tracksters Flash Speed and Form

Track and field stars from high schools in Greater Victoria engaged in the annual interhigh meet staged yesterday on the Victoria High School campus and spectators witnessed some thrilling finishes with keen competition featuring all events. In the top picture Ray McGregor, senior champion of the University School, is seen, third from the left, speeding to victory in the 120-yard hurdles. E. Dowell, Oak Bay High, who finished second, is at the extreme right with Hank Rowe, Victoria, who took third at the extreme left. The fourth hurdler in the picture is H. Rathlowe, Victoria. The lower picture shows the final of the 100-yard dash. The chap seen breaking the tape is John Stewart, Victoria High, who equalled the meet record of 10.15 seconds. R. J. Huff, University School, who finished second cannot be seen in the picture as he is directly behind Stewart. Ray McGregor, third finisher, is second from the left.

Victoria City and Esquimalt Meet in Dominion Cup Series at 2.45

Football followers will have the final of the local round of the Dominion Cup competition offered them on Saturday afternoon when the revamped Victoria City eleven tackles Esquimalt at the Athletic Park at 2.45, with J. C. Dowds as referee. The winner of this match will go into the first round proper, meeting Vancouver Excelsiors on the mainland.

Last Saturday the City, strengthened by the addition of several players from the Wednesday League, upset the Victoria West 3 to 2. It was only the second loss suffered by the green-shirts this season. In preparation for their match Saturday Esquimalt played a practice game against the Navy last night and won 2 to 0.

It was announced today the Victoria West and Navy will battle at the Athletic Park on June 15 in the final of the local round of the Province Cup competition. Play will start at 6.

In the early rounds of this event the Wests put out the Young Liberals and Esquimalt, while the Navy accounted for Victoria City.

MAJOR LEAGUE BALL LEADERS

AMERICAN LEAGUE

Batting—Trout, Cleveland, .384; Runs—Averill, Cleveland, 384; Doubles—Cronin, Boston, 16; Triples—Averill, Cleveland, 6; Home runs—Fox, Boston, 15; Stolen bases—Lewis, Washington, 10; Pitching—Kennedy, Detroit, 9-0.

Toronto Bouts For Pahl Boys

Sensational Canadian Brothers to Return to Canada For Fights Soon

LONDON (CP) — Having acquired a sizable reputation with their fists, the Canadian brothers Pahl—or Paul as they are known in some English rings—are on their way back to Canada with their long-headed ringmaster, Bud Davis, to look over the heavyweight situation.

The Richdale, Alta., brothers should arrive in Montreal about June 16, and will entrain immediately for Toronto, where they have been promised a twin-bill feature with choice of opponents, including Eddie Winstob of Edmonton, Tom Osborne of Montreal, and Jack Munro. But they are only staying until October, for Bud expects to crash the inner circle of empire fightdom early next year and he has already lined up matches in London for November.

The trio landed in England less than a year ago broke—the Pahl with ambition in their hearts and Davis with an extra large share of confidence. Since then Danny, 21, has knocked out nine opponents, won decisions over nine, drawn one and lost one fight by a decision. His brother, Paddy, 20, has made a record of

14 knockouts, five decisions, two draws and one loss by decision.

"Y" Athletic Courses Start

Look For Beginners and Advanced Pupils in Track, Field and Acrobatics

A Y.M.C.A. summer course in track, field acrobatics and swimming has opened under the direction of Archie McKinnon, who is known from coast to coast, and was Canada's coach at the Berlin Olympics. Len Oliver with 20 years of professional stage experience and a number of qualified assistants.

A number of modern safety devices have been procured at considerable expense to insure against accidents. Both beginners and advanced students are being called for.

On Tuesday and Friday evenings at 8, a co-ed class in progressive gymnastics and advanced work is carried on in the gymnasium.

Women and girls meet on Tuesdays and Thursdays at the Y at 7.30 for supervised instruction in tumbling, hand balancing and wire walking. The men and boys in this class meet on Mondays and Fridays at the same time.

There are also three live swimming clubs for girls and women, who meet every Wednesday in the pool. The juvenile club (mixed), 6 to 10 years, meet at 6.15; the junior club (girls), 10 to 16 years, meet at 7, and the senior club (mixed), over 16 years, meet at 8. Coaching periods are held at the Crystal Garden on Mondays at 8 and Saturdays at 7.

A junior and senior track and field club for both sexes meets at the Victoria High School grounds on Tuesdays and Thursdays at 6.15, and on Saturday afternoons at 2.30. A general training period precedes every workout, which is followed by specialized coaching in sprinting, middle distances, broad and high jump, shot put, discus and javelin throwing. The assistant supervisors are as follows:

Jack Allison, Chris McRay, Ron McRay, Fred Noel, Jim Taylor, Norm Collins and Larry Moore.

LAWN BOWLING

In the second round of the Butchart Cup series for women bowlers, played yesterday, Burnside defeated Canadian Pacific 42 to 23 and Victoria West beat Victoria 30 to 23.

MALKIN CUP PLAY

The open tournament for the triples championship of Victoria for the Malkin Cup will be played at the Burnside Club. The first round is scheduled for June 15, unless opponents arrange to play their matches sooner. Present holders of the trophy are G. Ozard, S. Clarke and S. Barr of the Canadian Pacific Club.

The draw follows:

PRELIMINARY
G. Throver, Burnside vs. G. Macdonald, Victoria.

FIRST ROUND
S. Barr, C.P., vs. winner of preliminary W. Patterson, Victoria West, vs. A. W. Stewart, Burnside, vs. Major Baxandall, Victoria.
D. Robertson, C.P., vs. F. Holmes, Burnside.
G. Wallace, Burnside, vs. W. Gibson, Lake Hill.
A. MacCallum, Lake Hill, vs. W. Wallace, Victoria West.
Col. F. G. Hood, C.P., vs. C. Goodwin, Burnside.
T. Dewese, Burnside, vs. F. Harris, C.P.

Los Angeles—Baby Arismendi, 138½, Los Angeles, and lightweight champion Lou Ambers, 136, New York, drew, 10. New York—Jackie (Kid) Berg, 146, England, outpointed Johnny McHale, 147, Brooklyn, 8.

Dr. J. S. Plaskett On Short Visit

Details of his work on the 82-inch mirror being constructed in Cleveland for astronomical work at Macdonald Observatory, University of Texas, were described by Dr. J. S. Plaskett, former director of the Dominion Astrophysical Observatory here, who

returned to Victoria for a short stay recently.

Dr. Plaskett will remain here about 10 days before proceeding to the meetings of the Pacific Division of the American Association for the Advancement of Science, scheduled in San Diego from June 20 to 25. There he will deliver his presidential address.

For some time Dr. Plaskett has been working on the big mirror in Cleveland. Three years in the

W. & J. WILSON

making, it would probably be completed in another three months and the telescope ready for use in the autumn, he stated.

Dr. Plaskett has been engaged by Warner and Swasey Company for the job, which requires the utmost skill.

Butter Melting? —Milk Going Sour?

Not with a "G.E." on the job!

Firm butter, pure milk and fresh meats all summer long... ice cubes for tall, cool drinks... crisp salads and delicious frozen desserts—wouldn't you like to enjoy all of these during the months to come. These luxuries can be yours by simply installing one of the marvelous new General Electric Refrigerators in your home... only \$5.00 down puts one in your kitchen immediately and you can spread the balance over in easy payments on your regular B.C. Electric account. As a matter of fact, you'll find that it will pay for itself in food savings alone!

Yes... a refrigerator pays for itself in ever so many ways. First of all in the absolute convenience that a G-E offers... the almost limitless amount of pure ice cubes for beverages... the fresh crispness of lettuce and vegetables... the protection from spoilage of meat, milk and butter.

Then, too... you can make your weekly shopping trip almost pay for itself in the saving you can effect by buying in quantities... for your refrigerator keeps food so much longer... and best of all... your modern General Electric Refrigerator is a thing of beauty... it will brighten your kitchen and add a new and refreshing touch.

See the new 1938 General Electric Refrigerator models at our Douglas Street Showrooms. Priced from

NEW TIRE WINS IN SENSATIONAL NON-SKID TESTS!

HERE'S THE EVIDENCE
from World's Largest Independent Testing Laboratory!

"Both regular, and also the premium-priced tires of the six largest tire manufacturers were submitted to a series of exhaustive road tests made over a three months' period by us, to determine their resistance to skidding and wear, with the following results:

"NON-SKID—The new Goodrich Silvertown with the Life-Saver Tread gave greater skid resistance than any other tire tested, including those tires listed up to 40% higher in price.

"MILEAGE—The Goodrich Silvertown gave more non-skid mileage than any of the other tires tested in its own price range—averaged 19.1 more miles before the tires wore smooth."

A. R. Ellis, President
PITTSBURGH TESTING LABORATORY

Stops Quicker Than Tires Costing up to 40% More!

No tire tested, regardless of price, came up to the new Goodrich Silvertown in skid resistance! And these tests were made against the regular and premium-priced tires of the six largest tire manufacturers.

That's because the New Silvertown Life-Saver Tread accomplished what Goodrich engineers had spent years in trying to perfect a tread that is actually a road dryer. A tire so different in appearance, design and action that it turns the wet road under your car into a "dry" surface—protects you from skids in all directions! Gives you Golden Ply blow out protection, too. And both of these great life saving features are yours AT NO EXTRA COST.

Come in today for a demonstration that will give you one of the greatest motoring thrills you've ever had. For safety's sake, ride on Goodrich Safety Silvertowns.

Its never-ending spiral bars sweep the water right and left—force it out through the deep drainage grooves. Thus, you constantly have a dryer, safer road surface for the rubber to grip.

Six Ejected At Aberhart Rally

Men Thrown Out of Meeting at Melville, Sask., After Flare-up

MELVILLE, Sask. (CP)—Six men were tossed out of a political meeting addressed by Premier William Aberhart of Alberta here last night as Melville wound up the Saskatchewan election campaign in a flood of oratory in preparation for the polling today.

In contrast to the Aberhart meeting, Hon. J. G. Gardiner, Dominion Minister of Agriculture, had an orderly hearing a block away.

The crowd that filled the rink to hear Premier Aberhart was estimated at 5,000, while the city hall meeting addressed by the Dominion cabinet minister held an estimated 500.

Five of the six men removed from the Aberhart meeting claimed they were a delegation from the Calgary Single Unemployed Association. The sixth had no connection with them.

The Alberta premier had only started his speech when W. Robinson, vice-president of a Calgary unemployed association, began a speech. He got no further than the opening with "Ladies and gentlemen," when "What about Calgary soup kitchens?" shouted a man in the crowd.

"We will lynch you," somebody shouted and from all quarters of the crowd came yells of "Throw them out."

"Give a little fair play and justice," interjected Premier Aberhart, shouting above the din and confusion.

Another of the Calgary delegation, seated near the front, addressed Mr. Aberhart personally. "Why didn't you answer us last night?" He was evidently referring to a meeting at Estevan.

"I asked you one," the Alberta premier replied.

SPECIAL USHERS

All this time special ushers with police bands on their arms, were running through the crowd, rounding up the men. There were 20 of these guards, but they were appointees of the local Social Credit Association and had no connection with the regular town police force.

As quickly as one of the men was spotted, two or three of the police squad grabbed him and tossed him out into the street.

Later, the men went to the Gardiner meeting, where Jim Dyckson, leader of the Calgary delegation, spoke for 30 minutes on relief conditions and the record of the Aberhart administration in Alberta.

The sixth man removed from the Aberhart meeting asked a series of questions when the Alberta premier had concluded his speech.

INTERNATIONAL POWER

MONTREAL — Annual report of International Power Company Limited for 1937 today showed consolidated net income from subsidiary companies of \$1,398,442 against \$1,113,831 in 1936.

After deducting \$41,180 as net expenses of the holding company, there remained a balance of \$1,357,262.

Consolidated gross earnings of the subsidiaries totaled \$4,998,298 against \$4,775,049 in the previous year, while net earnings were \$2,939,459, compared with \$2,588,680.

Ancient Greeks coated their wine jars with pitch; moderns use resin mixed with turpentine to coat the insides of beer barrels.

Where to Go Tonight

(An Advertised)

At Capitol Today

Joan Blondell and Melvyn Douglas are husband and wife in "There's Always a Woman," new Columbia comedy at the Capitol Theatre, and they're very much in love with each other even if the above scene from the film would lead one to believe otherwise. Frances Drake, Mary Astor and Jerome Cowan are also in the cast.

MADCAP SHOW AT CAPITOL

Joan Blondell and Melvyn Douglas Star in "There's Always a Woman"

A big-gun barrage of buffoonery was unleashed today at the Capitol Theatre by Columbia's "There's Always a Woman," a sprightly, mystery-tinged romantic comedy in the mad and merry manner of "The Awful Truth."

Manning the big berths in the van of the comedy assault are the inimitable, wide-eyed Joan Blondell and her cine-married sleuthing spouse, Melvyn Douglas.

These two madcap merry-makers take the film over, lock, stock and barrel, and turn it into a rollicking funfest. The farcical, foolery in which they indulge proceeds to a new peak of delightful nonsense in the scene where Joan is being subjected to a "psychological" third degree by a corps of burly cops. At the end of weary hours Joan is cucumber-cool; her "tormentors" worn to the proverbial frazzle.

Mary Astor, Frances Drake, Jerome Cowan and Robert Paige top the featured players' list with flawless performances. Miss Blondell's scintillating characterization, easily the best she has ever given on the screen, is matched only by Melvyn Douglas's consummate clowning.

PLAZA THEATRE

Charlie McCarthy sings in "The Goldwyn Follies," now at the Plaza Theatre. He does a harmony duet of "I Love to Rhyme" with Phil Baker. The singing assignment had Charlie a bit perturbed, according to Ventriloquist Edgar Bergen. Charlie was afraid that Bergen might let him down.

SCOUT NEWS

ST. MARY'S SCOUTS

The St. Mary's Scout and Cub Group will hold its annual garden party at the residence of R. H. Palmer, 1590 York Place, next Saturday at 3. Refreshments, including tea, ice cream and soft drinks, will be sold, and games will include: Coconut shy, golf, darts, house-hoosie, motor-racing, nail-driving contests, drop-in-the-bucket and others. A display of scout signalling and first aid will also be given by the scouts. Parents and the public are cordially invited to attend. This week's troop meeting was devoted entirely to preparations for scout and cub sports day and for the group garden party. At the close of the meeting Darrell Walker was invested as a scout, and Dave Gornall and Bob Al-dritt received public health and second class badges, respectively.

2ND CATHEDRAL SCOUTS

The weekly meeting of the 2nd Cathedral Troop was opened in the usual manner, after which a game of message relay was played. The game took up most of the evening, but before adjourning plans were made for the softball game. The meeting closed with lowering the flag to "taps."

ROYAL OAK SCOUTS

Last Friday evening Royal Oak Troop of Scouts cleaned the new hall and cut the grass. Next Friday the boys are asked to bring hammers.

John Congdon and Jack Jowett passed the tenderfoot test and were invested as Scouts last week. The troop competed in the district sports rally at the Victoria High School grounds last Saturday and gained third place.

The Cub pack has stopped regular meetings until the first week in September.

One village in northern China has specialized for 120 years in the business of hatching chickens artificially in earthenware jars.

At Capitol Today

"SCARFACE" ON ATLAS SCREEN

Howard Hughes's Spectacle of Gangsterdom Returns Here

"Scarface," the Howard Hughes spectacle which will be seen at the Atlas Theatre today, will doubtless be the last gang picture, for the reason that it presents such a striking study of criminal conditions that it exhausts the subject as far as the screen is concerned.

In the picture, police and civic authorities are shown co-operating in agitation for a government curb upon the importation of firearms, this being admittedly the most effective method of scotching the gangster.

OAK BAY THEATRE

It is claimed that more lions are shown in "African Holiday," jungle picture now showing at the Oak Bay Theatre, than in any motion picture that has come out of Africa.

Many unusual lion scenes are shown in this film, including a lion high up in a treetop — although most people will tell you lions do not climb trees. Mr. and Mrs. Harry C. Pearson who made this film were as close as 30 feet from some of the lions as they photographed them.

"Hold That Kiss," with Maureen O'Sullivan, Dennis O'Keefe and Mickey Rooney, provides a mixture of hilarity, romance and intimate human touches at the Dominion Theatre. The comedy romance of smart New York society presents O'Keefe, Hollywood's latest

Turner Valley Oil Debated

Discussion in Commons Embodies Length of Present Session

OTTAWA (CP) — Cross-fire ran, through debates in the Commons yesterday, but good progress was made. Amendments to the Indian Act and the much-discussed Transport Bill were adopted and sent to the Senate.

Hon. P. J. A. Cardin, Minister of Works, made rapid progress with his estimates. Item after item of public works in all parts of the Dominion was adopted, but to the accompaniment of comments, mainly good humored, from opposition members.

At one point Conservative Leader Bennett said federal government in Canada now was being dictated by the provinces. He expressed the view that "federal power, in Vancouver is a joke and it is held up to the eyes of all the world that the Dominion's own property cannot be safeguarded by the Canadian people." It was an obvious reference to occupation of the post office in Vancouver by unemployed men.

"You come to the province of Alberta," he went on, "and find that province is now conducting the affairs of the nation. There is no national government. It is just what each province says."

OIL DISCUSSION

Mr. Bennett suggested imposition of a dumping duty on crude oil from Montana to assist in utilization of oil from wells in the Turner Valley of Alberta.

The government was fully alive to the Turner Valley problem, said Mr. Dunning, but he did not consider a dumping duty would meet the situation.

Mr. Bennett said that as production from the Turner Valley field increased crude oil from

Montana was being offered in western Canada at increasingly lower prices. It was brought in by truck and an average of about 35 trucks, each carrying 40 barrels, came in every day.

The production of oil in Turner Valley might reach 100,000 barrels a day before the end of the present year and the market for it was limited. It was desirable that what market there was should be kept for the Canadian product.

Mr. Dunning said he understood tests had now been completed and the potential production was placed at about 37,000 barrels a day. Mr. Bennett's figure of 100,000 barrels was based on expectations from new wells not yet brought into production.

The estimated consumption in the area within economic distance of Turner Valley was 15,000 barrels a day. With such a surplus of production in the area he did not believe a dumping duty on United States oil would materially change the situation.

The Tariff Board was prepared to continue its investigation and make a report and a meeting of oil producers was being held in Calgary to determine whether the board should be asked to proceed.

Mr. Bennett read a quotation from a Calgary newspaper which said: "In Ottawa 245 costly politicians talk for five months and accomplish nothing. The Canadian Tariff Board investigates the Turner Valley situation and adjourns forever."

Mr. Dunning observed the quotation had been sent to all members.

Mr. Bennett said that did not lessen its value.

Mr. Dunning — It says 245 members of Parliament talk too much. My friend is one of them.

Mr. Bennett — Of course he is. But it rests with the government to take the initiative. It is their job to see that something is done for they only can spend money.

Rt. Hon. Ernest Lapointe, Justice Minister, said the govern-

ment had been listening to speeches. "Well, they have been poor listeners," for the Prime Minister has not been in the House an average of an hour and a half a day since the session opened," said Mr. Bennett.

Mr. Lapointe said this was not fair. The Prime Minister was tired and had not been well for a few days.

BONDS

NEW YORK (CP) — Rail loans tended to sag in a mixed and narrow bond market today. Early declines ranged from one to around four points. The more active carriers showed better resistance.

U.S. Governments had a few gains running to 4 3/4 and some small losses. Dealings were moderate. Japanese loans scored further advances in the foreign sector.

TWO SKY GIANTS MAKE FIRST FLIGHTS

(Continued from Page 1)

News cameramen flying nearby in a small cabin plane said that when Allen gunned the Clipper's motors it sounded like "all the hurricanes in history rolled into one" and that, once under way, the Clipper left the smaller plane far behind. "It was like chasing a cyclone."

The Clipper has four 1,500 horsepower motors.

Service Sept. 1

WASHINGTON (AP) — J. Monroe Johnson, assistant secretary of commerce for the United States, predicted today transatlantic airplane service would begin about September 1.

He based the forecast on the progress of tests at Seattle of the new Atlantic Clipper built at the Boeing factory for Pan-American Airways.

"I think Pan-American will be ready to start at least mail service, and possibly passenger service, about September 1," Mr. Johnson said.

Whether Imperial Airways, the British line which will co-operate with Pan-American, would be ready to start at the same time, Mr. Johnson said he did not know.

Wheat Futures Drift Lower

WINNIPEG (CP) — Winnipeg wheat futures drifted lower late today on selling prompted by forecast of showers in western Canada, lack of demand and easier Chicago prices. At the close of the drab pre-holiday session values were 1/4 to 1/2 cent lower, July 1.00 1/2, October 78 1/2 to 79, and December 77 to 77 1/2 cents.

Selling credited to eastern and southern interests proved sufficient to push prices under yesterday's close in the final minutes.

Slight nervousness was in evidence due to Chicago's failure to respond to bearish United States private crop reports, which continued to outline disappointing winter wheat yields and appearance of rust in wide sections.

Liverpool closed 1 1/2 to 1 1/4 higher, and Buenos Aires held firm, noon quotations being unchanged to 1/4 cent higher.

Light export demand for Canadian wheat aided in keeping top grades of cash wheat firm. Spreads for Nos. 1, 2 and 3 northern were unchanged. Durums, Nos. 2 and 3 improved 1/4 and 1 1/2 cents respectively.

Coarse grains dealings were featureless. All commodities were fractionally down near the close.

Ways of Possums

Here is a little animal hanging by its tail from a man's finger! It is a distant cousin of the kangaroo, but doesn't look very much like its Australian relative. The animal is a "possum," or if you like the longer form of the name, it's an "opossum."

A small possum hanging to a man's finger by its tail.

Possums can do many things besides hanging by their tails. They can climb trees, going far out almost to the end of a limb. They can raid chicken coops. They can steal muskmelons from farmers. They can slip up on birds' nests at night, and seize the birds, or take out the eggs to eat. They also catch insects and frogs at night.

We may not like some of the things possums do, but we must remember they are just trying to get something to eat. All animals must have food to live, and they get it in their own way.

In former times, the Virginia possum was to be found only in southern parts of the United States. Nowadays the animal is found in many northern states, including New England, New York, Michigan and Wisconsin. Twenty-eight years ago, seven possums were shipped from Tennessee to a jeweler at San Jose, Calif. The jeweler wanted to have them as pets, but five escaped and went into the woodlands. Since then, the number of possums in California has kept growing and growing.

Many persons like the taste of possum flesh and possum hunting is a popular sport in some sections. A South Carolina friend of mine once shot a possum and sent it to a Baltimore newspaper editor. The shipment was delayed, and when the editor got the box, he didn't open it - he only smelled it. Calling a telegraph boy, he sent this message to my friend: "The skunk arrived safely."

A full-grown Virginia possum is likely to be about 15 inches long, counting the tail. There are, however, other kinds of possums, or opossums, and some are no larger than mice.

The crab-eating opossum lives in marshy places in some parts of South America. As we would figure from the name, it feeds chiefly on crabs.

It is common in the opossum family, for the mother to place her young in a pouch. The usual number in a brood is from six to 12, but now and then there are from 18 to 20.

A member of the family known as Merion's opossum is noted for the mother carrying young ones on her back. She does not have a pouch, but the little ones get on her back and wrap their little tails around her larger tail.

UNCLE RAY.

HOROSCOPE

The stars incline, but do not compel.

Thursday, June 9

This is an unimportant day in planetary direction, according to astrology. Adverse aspects are active but not dominant. Disappointment may be experienced in social affairs today when there may be apathy among guests. Girls need not count upon admiring suitors.

A threat to the power of a dictator is read in the stars. Germany is to be prosperous through munitions manufactures. The health of a high official may be undermined.

Girls may find this a date when pleasant expectations are unfulfilled. Young men may reveal their less admirable qualities, especially selfishness.

Persons whose birthdate it is have the augury of a year of small anxieties and new responsibilities. Both men and women should be careful to subordinate emotions to common sense.

Children born on this day probably will be exceedingly clever in finding their right places in life. Subjects of this sign usually are lucky.

Dorothy Dix's Letter Box

DEAR MISS DIX - I am engaged to a young man who came from Sweden six years ago. Have my hope chest filled and the date of the wedding is set. He wrote his mother and told her he was going to be married, and she has written me a letter imploring me not to marry him because she feels that if he marries me he will settle down in America and never go back to Sweden. She says that he has written her that I am his whole life and that if anything should ever happen to separate us he would leave the United States forever. So she begs me to break the engagement. She says she wants all of her children married and settled about her in their own country. She ends the letter by entreating me to heed the prayers of a heart-broken mother. I have not shown my fiance the letter yet. We love each other so much that I cannot bear to give him up. Neither can I bear bringing sorrow to a mother. So what must I do?

Answer: Show the letter to your fiance and leave the decision to him. If he loves his mother better than he does you and thinks more of her happiness than he does of yours, and if he wants to run back to Mamma and marry a nice Swedish girl whom she has picked out for him and live just around the corner from her, let him go.

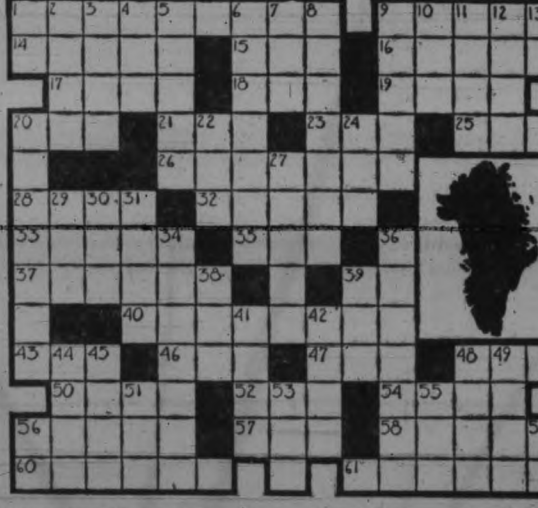

But my guess is that he will be hopping mad with Mother and tell her to mind her own business; that he proposes to run his own life and marry whom he chooses.

He came to America in the first place because he thought he could better his condition, and evidently he has done so as he has stayed six years. He wasn't so devoted to his mother then that he couldn't leave her. So why should he want to throw up everything he has gained now to go back to her? And why should you think you are doing him a good turn by breaking your engagement on the eve of your marriage in order that he may marry some other girl and sending him back to the country he forsook? Use your head a little.

There is no sense in wrecking your life and his to gratify the whim of a selfish and possessive mother. It is a sad thing when parents and children have to be parted, but the parents who love their children most make them free to follow their own fortunes.

DOROTHY DIX.

CAPT. ROGERS IS HONORED

Presentation Made to Retired Master of Ss. Princess Marguerite

Shortly before the Princess Marguerite, the steamer he commanded up to his retirement at the end of last month, left Vancouver for Victoria yesterday morning, officers of the B.C. Coast Steamships, the captains and officers of vessels in port, and the crew of the Princess Marguerite, gathered in the lounge to offer good wishes to Capt. Perry Rogers, upon his retirement.

C. E. Stockill, assistant to the vice-president of the C.P.R. at Winnipeg, and A. B. Appleland of the L.C. Coast Service, Victoria, were present at the ceremony.

Capt. Rogers was the recipient from the hands of Capt. T. Rippon, marine superintendent, of an electric chiming mantle clock, a set of pipes and enough tobacco to last many a month, while Capt. Tom Cliffe, master of the Princess Kathleen, presented him with a well-filled wallet and billfold.

Perry Rogers has had 30 years' service with the B.C. Coast Steamships, having been master of practically all the vessels of the fleet during his career.

At the presentation, apart from crews of the vessels, were Capt. C. C. Sainty, Princess Elizabeth; Capt. J. MacLaren, Nootka; Capt. C. Fenton, Princess Marguerite; Capt. George Forbes of the Motor Princess, and Carl Timms, assistant marine superintendent.

Pilots' Lookout

Empress of Russia arrived at Rithet docks from Vancouver, 7.45 p.m. yesterday; sailed for Orient via Honolulu, 9 p.m.

Templeyard passed through quarantine for Vancouver, 8.30 a.m.

Anglo-African passed out for Australia, midnight.

Albertolite, loco for San Pedro, passed out 3 a.m.

Spiders have existed for 17 months without food.

Bids Called For Naval Buildings

Further work for the federal government will shortly be undertaken at the Esquimalt dockyard, it was learned today.

The proposed construction work includes a torpedo sub-depot and a boom defence building.

Tenders will be received for this work by the director of contracts, Ottawa, until noon, daylight saving time, June 30.

Contractors may obtain plans and specifications by application to the director of contracts, Department of National Defence, Ottawa, or to the commander-in-charge of the Esquimalt dockyard.

GLOUCESTER TO LEARN SEINING

Old Salts in East to Be Taught Newest Fishing Methods By Westerners

GLOUCESTER, Mass. (CP) — Pacific coast fishermen are on their way to this port to show the local salts how to fish.

Purse seining, as practised in Puget Sound will be introduced to this 300-year-old fishing port. En route here is a new \$50,000 fishing boat, the Western Explorer, built at Tacoma, Wash., to introduce the new method to the local industry. The experiment, it is understood, will have to do principally with tuna catching.

The Pacific Coast craft probably will be the first to come to Gloucester's new \$1,000,000 fish pier, now about 75 per cent completed. Mayor Elmer Babson is planning an elaborate reception for the vessel.

Some of the old-timers recall it was Gloucester fishermen who went west 50 years ago to introduce to the Pacific fishermen the methods then in vogue on this side of the continent. Several schooners went from here around Cape Horn to Seattle to show the westerners how to catch halibut. Now the easterners are going to be shown how to catch tuna in large quantities.

WIND SWAMPS BOAT

Going adrift from her moorings off the Willows Beach in the southwesterly blow yesterday afternoon, a sailing dinghy was carried offshore and swamped, causing excitement among watchers on the beach. There was no one aboard the craft, however.

A launch from the Oak Bay boathouse went out and towed the overturned boat back to anchorage, where it was righted.

LATE IN SAILING

It was 9 last night before Canadian Pacific liner Empress of Russia, Capt. J. F. Patrick, got away from Pier 2, Rithet docks, on her outward trip to the Orient via Hawaii. Owing to the stiff southwest wind the ship, which was due here at 4 from Vancouver, held offshore until the wind abated somewhat, berthing at 7.45.

The present voyage of the Empress of Russia marks the 25th anniversary of her entry into the C.P.R. trans-Pacific service. She took out 250 passengers, including 100 for Hawaii.

DIED DURING TRIP

When the steamer Princess Kathleen arrived in Vancouver yesterday from Victoria, Mrs. George Baldwin of West Vancouver, was found dead in a stateroom. Death was believed to be due to natural causes.

TWO SHIPS SUNDAY

British freighters Loch Lomond and Anglo-Peruvian are next in line to load lumber consignments at the Canadian National docks here. Both vessels are posted to arrive on Sunday, June 12.

Ss. Dalhanna, at present taking on 1,000,000 feet of lumber here, is expected to sail on Friday.

HERE FROM CHILE

Ramiro Pinochet, manager of the publicity department of the Chilean State Railways, Santiago, Chile, is a visitor to Victoria this afternoon, arriving by the 3:10 boat from Vancouver en route to Seattle.

EXCURSION TOMORROW

Princess Joan will carry an all-day excursion from Victoria to Vancouver tomorrow. The boat will leave the Belleville Street docks at 9 and will leave Vancouver on the return trip at 5.

REFITTING HERE

Installation of auxiliary power aboard the schooner yacht Valkyrie, together with necessary alterations and repairs, are being carried out by Armstrong Brothers. The Tahiti craft is now moored alongside the Kingston Street plant.

A 66-horsepower Kelvin Diesel engine will be installed as well as

Around the Docks

AORANGI TO SAIL

Canadian-Australasian motor-liner Aorangi, Capt. T. V. Hill, will sail from Pier 2, Rithet docks, about 6 this evening on her return voyage to the Antipodes.

The big motorliner was delayed an hour at Vancouver waiting for overseas mails, getting away from the mainland port at 11.

She will take out a total of 275 passengers, 70 of whom will disembark at Honolulu.

Included among the passengers continuing to the south are Canon Charles H. Ritchie of Auckland, N.Z.; C. T. Holstead, newly appointed manager of the Pacific Cable Board, Auckland; Eustace Jones, wool trader of Brisbane, and C. R. Floss, export sales manager of the Western Shade Cloth Company of Toronto, en route to Sydney.

In addition to several excursionists leaving the ship at Honolulu, there are two tour parties aboard, the D. L. Ferguson party from Cincinnati, consisting of nine travelers; and six members of the Louise Ingram tour from Portland, who are going to Australia.

SIDNEY STEVESTON FERRY

Next Saturday, June 11, the Motor Princess will inaugurate the summer ferry service between Sidney and Steveston, it was announced today by the B.C. Coast Service of the C.P.R.

The Motor Princess has just been overhauled at Yarrow's Ltd., and will be in fine shape for the maintenance of the short Gulf service throughout the season.

The ferry will give two round trips daily, except Sunday.

The schedule is as follows: Leave Sidney 8.45, arrive Steveston 11.45, leave Steveston 12.30, arrive Sidney 3.30, leave Sidney 4, arrive Steveston 6.45, leave Steveston 7.15, arrive Sidney 10. On Sundays the ferry will make one round trip, leaving Sidney at 8.45, returning from Steveston on the same schedule at 3.30. At 4 she will leave Sidney via the Gulf Islands for Vancouver, arriving there at 9.45.

At World Ports

Arrivals: Cherbourg, June 7, Aquitania, N.Y. & K. Cobb, June 7, Washington, New York; 6, American Shipper, New York; 6, Count Di Savoia, New York; 6, Gothenberg, June 2, Scanyork, New York; 6, Havre, June 6, Normandie, New York; 6, London, June 7, Georgic, New York; 6, American Merchant, New York; 6, Manila, June 4, Empress of Asia, Vancouver; 3, President McKinley, Seattle, New York; 6, Westernland, Antwerp; 6, Batavia, Gdynia; 6, Scamall, Copenhagen; 6, Chateau Thierry, Honolulu; 6, American Banker, London; 6, Southampton, June 7, Aquitania, New York; 6, Sydney, N.S.W.; 6, Niagara, Vancouver.

PANAMA CANAL, June 7

(AP) — Passed east: Svealand (Sw.); Cruz Grande for Gothenberg; R. J. Hanna, Los Angeles for Baltimore; Santa Barbara, Guayaquil for New York.

Passed west: Mobile City, Mobile for San Francisco.

MAY REPAIR WHARF

OTTAWA — Hon. P. J. A. Cardin, Works Minister, promised J. S. Taylor (Ind., Nanaimo) in the House last night to have repairs made to the government wharf at Ladysmith, B.C., if it could be done out of appropriations for repairs and maintenance. There was no provision for a new wharf this year. Mr. Taylor said the town needed a wharf and the present government wharf was closed because it had fallen into disrepair.

10½-horsepower Junkers engine

which will be used for charging storage batteries and to operate bilge pumps. The saloon will be entirely remodeled, a hot-water heating system installed, special reefing gear rigged and the hull recaulked.

Mrs. B. Rhodes and her son, David, are in the meantime visiting their cattle ranch at Cochrane, Alberta.

AIR SERVICE TO ALASKA

Weekly Airmail Between Seattle and Juneau Scheduled For Next Year

WASHINGTON (AP) — The House appropriations committee approved yesterday establishment of a weekly round-trip airmail service between Seattle and Juneau, Alaska.

It suggested, however, a proposed initial appropriation of \$200,000 be reduced to \$100,000 on the ground the lesser amount would be enough to inaugurate and carry on the service during the next fiscal year.

The committee said the service would provide transportation facilities which would aid greatly in development of the territory affected.

Harlee Branch, assistant postmaster-general, told the committee during hearings unusual expense would be involved because the Air Commerce Bureau "will not permit the operation of craft on the outside route of less than four engines, which is an expensive operation."

Flying over the inside route, much of it overland, would be permitted with planes with two engines, he said, but permission would have to be obtained from the Canadian government to fly over Canadian territory.

Some delay would be encountered in starting service over the outside route because of the length of time necessary for operators to get delivery on four-engine equipment, he said, but "I am inclined to believe that we could get the service going some time during the 1939 fiscal year," (starting July 1).

CRUISE WORLD IN ROWBOAT

Two Adventurers Leave Montreal on First Lap of Perilous Trip

MONTREAL (CP) — Heading first for Prince Edward Island, Henrich Leclerc and Joseph Lawrence Perry coasted down the St. Lawrence River today in the 18-foot, flat-bottom rowboat they hope will carry them around most of the world.

Leclerc and his Acadian-born companion told reporters they had mapped out a route that would take them first to Prince Edward Island, where Perry hopes to see his parents for the first time in 30 years; down the Atlantic to the Panama Canal, up the Pacific Coast to Alaska, across the Bering Strait to Siberia, down the coast of Asia to the Indian Ocean. From there they hope to continue up the Suez Canal to the Mediterranean and then on to Paris—within five or six years.
